II.2. Description

II.2.3. Place of performance

NUTS code: NO071 Nordland

II.2.4. Description of the procurement

Through this procurement, the contracting authority intends to procure a new 2-chamber back loader for emptying household and business waste, as well as options for up to 2 additional units, cf. point 1.3.

The contracting authority would like to enter into a contract with a chassis supplier for the delivery of a vehicle, waste collection body (2-chamber back loader), and a service and repair contract for the entire delivery.

The service and repair contract is to be priced as a kilometre price, cf. annex 2 price sheet.

The vehicles are estimated to be driven;

Vehicle 1 - 40,000 km per year.

Vehicle 2 - 40,000 km per year.

Vehicle 3 - 45,000 km per year.

The estimate is not binding for the contracting authority, and the service and repair contract is to be invoiced according to kilometres driven per month or per quarter. Further details on the requirements for the service and repair contract are in point 4.1 in annex 1 - Requirements Specification with absolute requirements and evaluation requirements.

The following type of waste collection vehicle must be delivered: 3 pcs. 2-chamber back loaders.

The procurement has an estimated total value of NOK 17,635,000 (excluding VAT, including a service and repair contract and options).

II.2.5. Award criteria

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

Tenderers must be registered in a company register, professional register or a trade register in the country where the tenderer is established.

III.1.2. Economic and financial standing

List and brief description of selection criteria:

Tenderers must have sufficient economic and financial capacity to carry out the delivery.

The required credit rating that will be used as a basis for qualification for this contest is A (credit worthy).

Tenderers with a lower rating will be rejected.

Minimum level(s) of standards possibly required:

Revised annual accounts from the recent financial years.

Extended credit rating/report, not older than 3 months, from a publicly certified credit rating company, which includes a credit rating of the tenderer - typically given by a letter or short text, as well as an explanation of this. The text and explanation must refer to the requirement - letter A.

The report must be based on the last known fiscal figures. The date must be clearly stated.

If a tenderer has valid reasons (e.g., the company has been newly founded or is not obliged to submit reports to the Brønnøysund Register Centre) for not being able to provide the documentation requested by the contracting authority, the tenderer can prove his economic and financial position with any other document that the contracting authority deems suitable, for example, a parent company guarantee or other guarantee/security.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

Tenderers must have experience from comparable assignments. Comparable assignments must be of the same nature as this tender contest, i.e., chassis with a back loader body.

Minimum level(s) of standards possibly required:

Description of the tenderer's up to 3 most relevant contracts in the course of the last 2 years.

The description must include a statement of the assignment value, dates and recipients (name, telephone number and e-mail address).

Relevant contracts must be of the same size as this contract. It is the tenderer's responsibility to confirm relevance through the description.
