I.2. Type of the contracting authority

Body governed by public law

I.3. Main activity

Recreation, culture and religion

I.4. Contract award on behalf of other contracting authorities

The contracting authority is purchasing on behalf of other contracting authorities: no

Section II: Object of the contract

II.1. Description

II.1.1. Title attributed to the contract by the contracting authority

New control system for electrical chain hoists.

II.1.2. Type of contract and place of performance or delivery

Works

Execution

Main site or place of performance: Oslo.

NUTS code NO Norge

II.1.3. Information about a framework agreement or a dynamic purchasing system

The notice involves a public contract

II.1.4. Information about framework agreement

II.1.5. Short description of the contract or purchase(s)

Our main stage has a stage rigging that consists of 22 pull rods. The pull rods hang in 7 cable wires, which, via blocks and pulleys, are connected to a ChainMaster VarioLift BGV-C1, where the chain has a horizontal track. The electrical chain hoists are located on the side of the stage, in the transition between the roof and wall, 11 pcs on each side. These are currently controlled by an old ChainMaster XYZ styresystem.

We would like tenders for the procurement and assembly of and follow-up/service contract for a new control system for our 22 motorised ChainMaster VarioLift hoists 250 kg, with a variable speed of 1-12 m/min.

II.1.6. CPV code(s)

45212322 Theatre construction work

II.1.7. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes

II.1.8. Lots

This contract is divided into lots: no

II.1.9. Information about variants

Variants will be accepted: no

II.2. Scope of the procurement

II.2.1. Total quantity or scope

— Complete computer based control system for 22 ChainMaster VarioLift BGV-C1 (250 kg, 1-12 m/min).

— The hoists shall be able to be controlled and programmed individually and together in large or small groups.

— Both a cabled and wireless control unit shall be included.

— Tenders must include all elements, such as a cabled mobile control table with a computer and software, wireless controller, cables and possibly a frequency converter.

— The new control system shall be assembled in July 2017 and tenders must, therefore, also include information on the dates and prices for the assembly and training.

— Tenders shall also include information on follow-up from the supplier or agent, and options for a service contract.

— All elements must be certified in accordance with the relevant Norwegian and European safety provisions.

II.2.2. Information about options

Options: no

II.2.3. Information about renewals

This contract is subject to renewal: no

II.3. Duration of the contract or time limit for completion

Section III: Legal, economic, financial and technical information

III.1. Conditions related to the contract

III.1.1. Deposits and guarantees required

III.1.2. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded
