The procurement documents are available for unrestricted and full direct access, free of charge, at: <https://permalink.mercell.com/204698312.aspx>

Additional information can be obtained from the abovementioned address

Tenders or requests to participate must be submitted electronically via: <https://permalink.mercell.com/204698312.aspx>

I.6. Main activity

Electricity

Section II: Object

II.1. Scope of the procurement

II.1.1. Title

Grid information system

II.1.2. Main CPV code

72212180 Medical software development services

II.1.3. Type of contract

Services

II.1.4. Short description

Kvam Energi Nett, VoNett, and Indre Hordaland KraftNett would like to procure a new grid information system (NIS). The three companies are part of groups that are active within the following three business areas; electricity grid, broadband, and energy production. The three companies offer an electricity grid and broadband to both private and business customers within their respective concession areas, and employ a total of approx. 73 persons. In 2022 the companies had a total turnover of approx. NOK 295 million.

II.1.5. Estimated total value

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.2. Additional CPV code(s)

48180000 Medical software package, 48814000 Medical information systems, 48814200 Patient-administration system, 48814500 Casemix system, 72220000 Systems and technical consultancy services, 72230000 Custom software development services

II.2.3. Place of performance

NUTS code: NO0A2 Vestland

II.2.4. Description of the procurement

A new grid information system will be procured, as well as the operation and maintenance of it. A contract will be signed for the assignment with one and the same tenderer for each of the three companies that are the contracting authorities in this contest. The contract will be time unlimited and will run until notice is given on the contract, within the limits of the public procurement rules on duration.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Duration in months: 96

This contract is subject to renewal: yes

Description of renewals:

Continuing service contract.

II.2.10. Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: yes

Description of options:

It will be possible to order the following options:

DMS

Signal cable grid, topology

Integration with AMS

Fleet management and resource management

Integration with SCADA

Grid notifications

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

REQUIREMENT - Tenderers must be a legally established company.

DOCUMENTATION REQUIREMENT:

Norwegian tenderers:

Company Registration Certificate. For Norwegian tenderers, the contracting authority will obtain a company registration certificate from the Brønnøysund Register Centre.

Norwegian tenderers do not, therefore, need to submit a company registration certificate.

Foreign tenderers:

Confirmation that the tenderer is registered in a trade index or a Register of Business Enterprises, in accordance with legislation in the country where the tenderer is established.

III.1.2. Economic and financial standing

List and brief description of selection criteria:

Tenderers must have the financial strength to fulfil the contract.

Minimum level(s) of standards possibly required:

REQUIREMENT: Tenderers must have the financial strength to fulfil the contract.

DOCUMENTATION REQUIREMENT: The tenderer's Annual Financial Statements including notes with the board and auditor reports for 2020, 2021, and 2022.

Revised date: 14.02.2022 Page 10 of 15

The contracting authority reserves the right to obtain a credit rating from Experian.

Financial strength will be assessed in relation to turnover, operating margin, solidity, and liquidity.

For Norwegian tenderers, the contracting authority will obtain the revised Annual Financial Statements from the Brønnøysund Register Centre. Norwegian tenderers do not, therefore, need to submit their revised Annual Financial Statements.

If there is a justifiable reason as to why a tenderer cannot present the requested documentation, the requirement must be documented in another way.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

Tenderers must have sufficient technical and professional qualifications in accordance with the minimum requirements.

Minimum level(s) of standards possibly required:

REQUIREMENT 1: Tenderers must have the implementation ability to fulfil the contract.

DOCUMENTATION REQUIREMENT: A brief, overall description of the company must be given, including:

A statement of the tenderer's business idea and core competence related to the scope of the delivery.

A description of how the tenderer is organised for the implementation of this contract.

REQUIREMENT 2: Tenderers must have experience from relevant and comparable deliveries.

DOCUMENTATION REQUIREMENT: An overview of relevant and comparable deliveries in the last 3 years.

The overview of the deliveries must, as a minimum, include:

A brief description of the assignment.

Date of implementation.

Scope of the contract in monetary amount.

Fill in Annex 3 in the tender documentation.

REQUIREMENT 3: Tenderers must have a well-functioning and documented quality management system.

Documentation requirement: A description of the tenderer's methods for quality assurance.

If a tenderer is certified in accordance with ISO 9001 or equivalent quality assurance certification, it is sufficient to attach a copy of a valid certificate.

REQUIREMENT 4: Tenderers must have a well-functioning and documented environment management system.

Documentation requirement: A description of the tenderer's environment management system.

If a tenderer is certified by a public certification body (EMAS, Eco-Lighthouse, ISO 14001 or similar recognised environment management system/standard), it is sufficient to attach a copy of a valid certificate.

Section IV: Procedure
