Value of all contracts awarded in this notice: 450 000,00 EUR

Direct award

:

Justification for direct award: The contract can be provided only by a particular economic operator because of an absence of competition for technical reasons

Other justification: The proposed contract award to Siemens Healthcare Limited is justified on the basis that the services required can only be provided by the Original Equipment Manufacturer (OEM) or its authorised service provider due to technical and operational reasons. The Siemens MAGNETOM Prisma M8588 MRI system is a highly specialised and proprietary imaging platform incorporating OEM-specific hardware architecture, software environments, calibration tools, diagnostic utilities, firmware controls, and safety systems.

Effective servicing and maintenance require direct access to proprietary service documentation, OEM diagnostic software, certified replacement parts, firmware updates, and manufacturer-authorised engineering expertise.
