The supply of Automated Blood Grouping Analysers

Reference number: DN421041

II.1.2. Main CPV code

33000000 Medical equipments, pharmaceuticals and personal care products

II.1.3. Type of contract

Supplies

II.1.4. Short description

The Blood Transfusion department provides a transfusion service across all 3 sites (Leicester General Hospital; Glenfield General and Leicester Royal infirmary).

The work is highly specialised and includes providing a routine and emergency transfusion and antenatal screening service to the surrounding population:

— the LRI provides a service to a busy emergency department, haematology/oncology department and Womens and children's department,

— the LGH provides service to the renal department and obstetrics department,

— the GH provides a service to highly specialised cardiac department with an equally specialised ECMO unit (extra corporeal membrane oxygenation).

Currently the department process approximately 113 000 group and saves per annum, which includes antenatal samples.

The department is MHRA accredited and UKAS ISO 15189 accredited.

New equipment is required to replace our current automated blood grouping analyser instrumentation.

II.1.5. Estimated total value

Value excluding VAT: 1 518 454,40 GBP

II.1.6. Information about lots

This contract is divided into lots: no
