

326713-2026 - Competition

Norway – Carpentry installation work – Framework agreement for joinery and joinery work

OJ S 92/2026 13/05/2026

Contract or concession notice – standard regime

Works - Services

1. Buyer

1.1. Buyer

Official name: NTNU (Norges teknisk-naturvitenskapelige universitet)

Email: kristina@odinprosjekt.no

Legal type of the buyer: Public undertaking, controlled by a central government authority

Activity of the contracting authority: Education

2. Procedure

2.1. Procedure

Title: Framework agreement for joinery and joinery work

Description: Services included: Delivery and execution of joinery/carpentry work and be responsible executor to the authorities (subject to application) assignments in connection with alterations, alterations, renovations, upgrades and maintenance of NTNU's buildings. The buildings are mainly used for office, laboratory, teaching, library and museum purposes. Several of the buildings are listed and can be covered by protection measures. The assignment is required to be carried out with zero emission vehicles.

Procedure identifier: 7745df1f-da15-47c5-ae00-8544c057cbfb

Internal identifier: 26-0037

Type of procedure: Open

The procedure is accelerated: no

2.1.1. Purpose

Main nature of the contract: Works

Additional nature of the contract: Services

Main classification (cpv): 45422000 Carpentry installation work

Additional classification (cpv): 44230000 Builders' carpentry, 45262100 Scaffolding work, 45262110 Scaffolding dismantling work, 45262120 Scaffolding erection work, 45420000

Joinery and carpentry installation work, 45421000 Joinery work, 45421150 Non-metal joinery installation work

2.1.2. Place of performance

Country subdivision (NUTS): Trøndelag/Tröndelage (NO060)

Country: Norway

Additional information: Assignments and attendance must be expected at various locations connected to NTNU's campus in Trondheim.

2.1.3. Value

Estimated value excluding VAT: 250 000 000,00 NOK

Maximum value of the framework agreement: 250 000 000,00 NOK

2.1.4. General information

Additional information: Justification for use of the exclusionary provision in the Public Procurement Regulations § 7-9: It is in accordance with the Public Procurement Regulations § 7-9 fourth section that the Contracting Authority can replace climate and environmental considerations in the award criteria with climate and environmental requirements in the requirement specifications, "if it is clear that this provides a better climate and environmental effect". The contracting authority's assessment is that emissions from vehicles in connection with the provision of the service are the central source of the procurement's climate footprint and environmental impact. There are, therefore, minimum requirements in the requirement specification that the service shall be carried out by a given date with exclusively zero emission vehicles. There are also requirements regarding the use of sustainable wood and limiting the use of cladding that contains non-renewable mineral resources, as well as waste management requirements. All tenderers shall also have a well-functioning environmental management system. The contracting authority finds that this clearly gives a better climate and environmental effect than if an award criterion weighted with 30% for the use of zero emission vehicles.

Legal basis:

Directive 2014/24/EU

2.1.6. Grounds for exclusion

Sources of grounds for exclusion: Procurement Document

5. Lot

5.1. Lot: LOT-0000

Title: Framework agreement for joinery and joinery work
