**II.1.3. Information about a framework agreement or a dynamic purchasing system (DPS)**

The procurement involves the establishment of a framework agreement

**II.1.4. Short description of the contract or purchase(s)**

Procure Plus (PP) is a social housing regeneration consortium based in the North West of England. PP has formed an alliance with Cumbria Housing Partners (CHP), Procure Plus

Associates (PPAL) and Efficiency North (EN). This alliance is known collectively as Re:allies. Re:allies brings together expertise from across the North of England to deliver a highly efficient approach to procurement and regeneration at a local level. Additional consortia may join the Re:allies alliance from time to time. Further background information can also be obtained by visiting [www.re-allies.com](http://www.re-allies.com)

PP have entered into a framework agreement with multiple contractors for the completion of a diverse range of internal and external works predominantly to social housing properties. The framework agreement may potentially include other public sector buildings including but not limited to schools that are linked to the contracting authorities entitled to call off under the framework agreement.

PP leverage demand for construction, materials, services and contractors in order to deliver regeneration in the communities in which our clients operate. The framework agreement is a fundamental contributor to the delivery of high quality works, value for money and social and economic improvement.

The framework agreement will operate in conjunction with PP's framework agreement for the supply of goods and materials. Contractors appointed to the framework agreement are required to interact on an operational level with and source certain materials from suppliers appointed to the goods and materials framework to offer clients and customers a unique approach to the completion of planned maintenance and cyclical works.

The contractors appointed to the framework agreement are expected to complete the works to a high standard and share PP's commitment to regeneration, specifically the reinvestment of cost savings directly into local businesses, jobs and skills.

The framework agreement allows contracting authorities named and referred to within this notice to enter into underlying contracts for the completion of works covered by the framework agreement. The framework is structured to allow opportunity for contractors of all sizes to apply to tender for works that vary in size and will be completed predominantly across the geographical areas of Greater Manchester, Lancashire, Merseyside, Cheshire, Shropshire, Staffordshire, and Cumbria. However, those with stock in other areas of the UK may use this framework.

The framework agreement will be in place for a period of 48 months and will not be extended beyond this period, however contracts called-off under the framework agreement may, where appropriate, continue beyond the 48 month term of the framework.

Individual contracting authorities entitled to access the framework agreement will have the option to agree and award call off contracts to the framework contractors at any stage during the term of the framework. The following contracting authorities will be entitled to agree and award call off contracts under the proposed framework agreement as and when required

1. PP's members (both current and future). A list of PPs' current members is set out in section VI.3 of the Contract Notice.
2. CHP's members (both current and future). A list of CHP's current members is set out in section VI.3 of the Contract Notice.
3. PPAL's members (both current and future). A list of PPAL's current members is set out in section VI.3 of the Contract Notice.
4. The current and future members or any other member of the Re:allies alliance from time to time;
5. Any partner or customer of PP, CHP, PPAL, or other Re:allies member from time to time, which may include any social housing provider in the United Kingdom. 'Social housing provider' for this purpose means any provider of social housing and includes registered housing providers (a list of these can be found by visiting [www.homesandcommunities.co.uk](http://www.homesandcommunities.co.uk)), local authorities, local government ALMOs and unitary authorities. A list of PP's current partners and customers is set out in section VI.3 of the Contract Notice;

6. Schools and other public sector buildings linked to the contracting authorities entitled to call off under the framework agreement within the region of Greater Manchester, Lancashire, Merseyside, Cheshire, Shropshire, Staffordshire, and Cumbria.

The contracting authorities referred to in paragraphs 1 to 6 above have requirements predominantly within the North West of England. However, those with stock in other areas of the UK may use this framework.

The contracting authorities referred to in paragraphs 1 to 6 above shall be under no obligation to use the framework agreement.

The framework agreement has been entered into by PP and the successful contractors however the framework agreement may be novated from PP to Re:allies if and when Re:allies is incorporated.
