Section II: Object of the contract

II.1. Description

II.1.1. Title attributed to the contract by the contracting authority

Framework agreement 14/2157 Safety alarms and welfare technology.

II.1.2. Type of contract and place of performance or delivery

Supplies

Rental

Main site or place of performance: Ringsaker, Hamar, Løten, Stange and Nord-Odal municipalities.

NUTS code NO021 Hedmark

II.1.3. Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

II.1.4. Information about framework agreement

Framework agreement with a single operator

Duration of the framework agreement

Duration in years: 2

Estimated total value of purchases for the entire duration of the framework agreement

Estimated value excluding VAT:

Range: between 2 000 000 and 3 000 000 NOK

Frequency and value of the contracts to be awarded: The contracting authority currently has 1 713 safety alarms and the municipalities are expected to need approx. 2 540 safety alarms in the contract period.

II.1.5. Short description of the contract or purchase(s)

Ringsaker, Løten, Hamar, Nord-Odal and Stange municipalities, hereafter called the contracting authority, invite tenderers to a competition for hiring digital safety alarms, including sensors, GPS, digital inspection and alarm reception and installation services. Ringsaker municipality is holding the competition on behalf of the municipalities. Ringsaker, Løten, Hamar, Nord-Odal and Stange municipalities shall have an option for parts of the contract. Each municipality will administer its own contract.

II.1.6. CPV code(s)

35120000 Surveillance and security systems and devices, 33196100 Devices for the elderly, 35121700 Alarm systems, 35121100 Buzzers, 85323000 Community health services, 71317200 Health and safety services, 79711000 Alarm-monitoring services

II.1.7. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes

II.1.8. Lots

This contract is divided into lots: no

II.1.9. Information about variants

Variants will be accepted: no

II.2. Scope of the procurement

II.2.1. Total quantity or scope

The contracting authority currently has 1 713 safety alarms and the municipalities are expected to need approx. 2 540 safety alarms in the contract period. The contracting authority currently has both analogue and digital safety alarms. Attention is drawn to the fact that some

of the current digital safety alarms and alarm units that the contracting authority own will be a part of the new contract. See annex 3 Requirement Specifications and annex 4 Price Form for a further specification of the current status, as well as an overview of which safety technology is expected to be procured in the period.

The given amount is based on the need in previous years and is subject to the municipalities' general activity level and the fact that changes in budgets, other decisions and routines can influence the amount in the contract period. The signed framework agreement involves an obligation to use the chosen framework agreement partner, but it does not involve any requirement for a specific turnover in the contract period.

II.2.2. Information about options

Options: yes

Description of options: Sensors, option.

Continual installation services, option.

Implementation services when implementing the contract, option.

E-locks, option.

See point 2.2.1 in the tender description, point 5 in annex 2, Tender Description and annex 3 Requirement Specifications for further information on the options.

II.2.3. Information about renewals

This contract is subject to renewal: yes

Number of possible renewals: 2

In the case of renewable supplies or service contracts, estimated timeframe for subsequent contracts:

in months: 12 (from the award of the contract)

II.3. Duration of the contract or time limit for completion

Duration in months: 024 (from the award of the contract)

Section III: Legal, economic, financial and technical information

III.1. Conditions related to the contract

III.1.1. Deposits and guarantees required

III.1.2. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded

III.1.4. Contract performance conditions

The performance of the contract is subject to particular conditions: yes

Description of particular conditions: See point 4 in annex 2 Tender Description and annex 3 Requirement Specifications.

III.2. Conditions for participation

III.2.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions: Payment of public fees.

About the qualification requirement: Norwegian tenderers shall present a VAT and tax certificate, issued by the tax collector where the tenderer has his main office. Tax certificates

must be submitted within the deadline for tenders. Tax certificates shall not be more than six months, from the tender deadline. The tenderer must not have substantial arrears. Any arrears must be justified separately.

Documentation: Tax and VAT certificate.

Legally established company.

Regarding the qualification requirement: The tenderer is required to have a legally established company.

Documentation: Company registration certificate.

III.2.2. Economic and financial ability

List and brief description of conditions: The tenderer's economic and financial capacity.

Regarding the qualification requirement: The tenderer is required to be financially sound so that the risk to the contracting authority is minimal when signing the contract. The contracting authority will conduct its own independent assessment of the tenderer's financial soundness. The assessment will be conducted in collaboration with a credit rating agency. The contracting authority uses Credit Easy for credit rating and tenderers must have grade 3 (credit worthy) or better, to be qualified.

If sub-suppliers will be used for more than 100 000 NOK per annum, Ringsaker municipality reserves the right to carry out a credit rating of the named sub-supplier. Newly established companies, established within the last 12 months, will be assessed separately.

Newly established companies are obliged to enclose the necessary information so that the contracting authority can assess the company's economic and financial capacity.

III.2.3. Technical and professional ability

List and brief description of conditions:

Tenderers shall have the necessary resources to fulfil the contract and shall have experience from equivalent assignments.

About the qualification requirement: It is important that the contracting authority is confident that the tenderer has the necessary resources and experience to fulfil the contract and provide a proper and reliable service. Tenderers are therefore required to have the necessary resources to fulfil the contract and have experience from equivalent assignments in order to be qualified.

Documentation:

— Tenderers must provide a short account of the organisation and staffing situation (number and professional background), premises and any sub-suppliers.

— Tenderers shall state the three most important relevant contracts (deliveries) in the last 3 years. Annex 5 references, equivalent assignments shall be used for this.

Quality assurance system.

About the qualification requirement: The services that are to be supplied must have a good, well-functioning quality assurance system.

Documentation:

— An account, or external documentation, of the tenderer's quality assurance system /management system.

— Documentation of systematic HSE work — a censored completed deviation form with the accompanying measures.

Environment and source sorting.

About the qualification requirement: Some of the contracting authorities are either inspection members in Grønt Punkt Norge or certified for 'Miljøfyrtårn'. Tenderers are therefore required to have a conscious and active attitude to environmental considerations for their activities. As regards this competition, this means the sorting of waste to take care of the environment.

Documentation: Documentation of participation in a certified return scheme or documentation including photos of the company's own scheme.

III.2.4. Information about reserved contracts

III.3. Conditions specific to services contracts

III.3.1. Information about a particular profession

Execution of the service is reserved to a particular profession: no

III.3.2. Information about staff responsible for the performance of the contract

Obligation to indicate the names and professional qualifications of the staff assigned to performing the contract: no

Section IV: Procedure

IV.1. Type of procedure

IV.1.1. Type of procedure

Open

IV.1.2. Information about the limits on the number of candidates to be invited

IV.1.3. Information about reduction of the number of solutions or tenders during negotiation or dialogue

IV.2. Award criteria

IV.2.1. Award criteria

The most economically advantageous tender in terms of Criteria below

1. Price. Weighting 60
2. Quality. Weighting 40

IV.2.2. Information about electronic auction

An electronic auction will be used: no

IV.3. Administrative information

IV.3.1. File reference number attributed by the contracting authority

14/2157

IV.3.2. Previous publication concerning this procedure

no

IV.3.3. Conditions for obtaining specifications and additional documents or descriptive document

Payable documents: no

IV.3.4. Time limit for receipt of tenders or requests to participate

3.11.2016 - 12:00

IV.3.5. Estimated date of dispatch of invitations to tender or to participate to selected candidates

IV.3.6. Languages in which tenders or requests to participate may be submitted

Other: Norwegian.

IV.3.7. Minimum time frame during which the tenderer must maintain the tender

Duration in months: 004 (from the date stated for receipt of tender)

IV.3.8. Conditions for opening of tenders

Persons authorised to be present at the opening of tenders: no

Section VI: Complementary information
