2.1. Procedure

Title: EFU-10971 Framework agreement for early phase review.

Description: Bergen municipality, the Agency for Development, invites tenderers to a competition for a framework agreement for early phase review.

Procedure identifier: 0bc40412-c0fe-4759-a510-73e42ad0b9fa

Internal identifier: 2026/153215

Type of procedure: Open

The procedure is accelerated: no

Main features of the procedure: The Agency for Development takes care of the builder function for municipal construction projects within schools, and nursery buildings, nursing homes, the fire and chimney sweeping service, arts buildings, sports buildings and administration buildings. This applies to both modular buildings and built-up sites. The contracting authority needs a framework agreement with several tenderers for services connected to early phase review. Any need will be clarified and described in each call-off. The tenderer's performance is described in Annex I.03 Performance Description. In addition the annex will be a part of the framework agreement. The Agency for Development (EFU) has an implementation model that is based on Bygg21's phase norm. Bergen municipality has prepared a methodology for concept choice in the early phase of the review phase, based on government guidelines for KVV. EFU has scaled down the government methodology to adapt the review needs to our business. EFU would like to carry out this phase with a uniform methodology where the delivery in the phase is a concept choice assessment (KVV). We have developed two templates for this that shall be used, standard and simplified concept choice reviews.
