Section IV: Procedure

IV.1. Description

IV.1.1. Type of procedure

Restricted procedure Accelerated procedure Justification:

This collaborative requirement was previously competed under an NOE CPC Framework. This competition failed due to lack of participation by the framework suppliers.

We are therefore re-competing using a restricted procedure. Timescales truly preclude using the standard restricted process and the collaborative group are forced to use the Urgent Procedure.

However to alleviate tight timescales for bidders tender preparation, we are in a position to increase the standard 10 day response period to 26 days for receipt of ITT's.
