Cloud Management Platform

**II.1.2. Main CPV code**

48000000 Software package and information systems

**II.1.3. Type of contract**

Services

#### **II.1.4. Short description**

This tender is issued by SURFnet, a wholly owned subsidiary of 'SURF' cooperative, and is targeted to acquire a Cloud Management Platform (CMP) solution.

Please refer to RFP document 'SURFnet Cloud Management Platform — tender 2019' available for download at the Negometrix portal.

That document contains all available information in relation to the submission, contractual conditions, and other aspects of the tender procedure.

The purpose of this tender procedure is to select a contractor who will deliver and innovate a CMP solution; a full on-premises solution to be installed and run on SURFnet's (virtualized) hardware/infrastructure.

The contractor is the bidder who best contributes to the objectives of SURF/SURFnet to deliver a best value for money, i.e. the most advantageous bidder.

#### **II.1.5. Estimated total value**

Value excluding VAT: 2 000 000,00 EUR

#### **II.1.6. Information about lots**

This contract is divided into lots: no

### **II.2. Description**

#### **II.2.2. Additional CPV code(s)**

48211000 Platform interconnectivity software package

#### **II.2.3. Place of performance**

NUTS code: NL Nederland

Main site or place of performance:

#### **II.2.4. Description of the procurement**

SURFnet is searching for a supplier who will enable SURFnet to develop, build, offer and maintain professional cloud services with a variety of choices for the institutions as customer.

The Cloud Management Portal (CMP) is a crucial building block in these services.

The SURFnet innovations in the past have demonstrated the power of collaboration with suppliers. Continuing in the same spirit, in this tender SURFnet is looking for a solid solution.

This solution should meet or exceed the ambitions of SURFnet.

The contractor is expected to:

(i) deliver the CMP as a full on-premises solution to be installed and run on SURFnet's (virtualized) hardware/infrastructure;

(ii) to support, further develop and innovate the supplied CMP; and

(iii) to provide on demand professional services and training related to the effective and efficient use of the CMP by administrators.

The challenge of SURFnet lies in the successful implementation of the CMP and the integration into a uniform service, which can be offered to potentially all the members of SURF (and its legal entities).

#### **II.2.5. Award criteria**

Price is not the only award criterion and all criteria are stated only in the procurement documents

#### **II.2.6. Estimated value**

Value excluding VAT: 2 000 000,00 EUR

#### **II.2.7.**

## **Duration of the contract, framework agreement or dynamic purchasing system**

Duration in months: 48

This contract is subject to renewal: yes

Description of renewals:

Initially, the duration of the contract period is 4 years, but SURFnet has the option to extend the contract with 2 periods of two (2) year. Ultimately when the contract is extended, the commercial conditions may be revised to consider price reductions in the market during the initial 4-year period.

### **II.2.10. Information about variants**

Variants will be accepted: no

### **II.2.11. Information about options**

Options: no

### **II.2.13. Information about European Union funds**

The procurement is related to a project and/or programme financed by European Union funds:  
no
