II.1.3. Type of contract

Services

II.1.4. Short description

The Community Dermatology Service will play a key role in supporting Southwark CCG in its strategy to optimise the value of referrals and improve patient experience and outcomes. The Service will manage a broad range of dermatological conditions and support the development of sustainable care pathways, which are cost-effective, responsive to local need, clearly articulated between clinical partners and underpinned by a combination of effective referral optimisation and robust educational support. The Community Service will also play a pivotal role in strengthening the dermatology offering in Southwark, by providing a link between primary and secondary care, building capacity and expertise within the community and diverting less complex activity away from the acute trusts, thereby improving access to secondary care for those patients requiring consultant-led treatment.
