Award of a contract without prior publication of a call for competition in the Official Journal of the European Union in the cases listed below

- Extreme urgency brought about by events unforeseeable for the contracting authority and in accordance with the strict conditions stated in the directive

Explanation:

The urgency is not attributable to the contracting authority. The procedure LISA-2022-RP-01, which was designed to purchase the services in question, was launched in time, in line with procurement timelines, was delayed due to the repeated need for clarifications under all six lots of the procedure. Pursuant to Article 151 of the EU Financial Regulation, applicable to the Agency by virtue of Article 89 AFR, it is obligatory to contact the candidates or tenderers to ask for missing information or documents in relation to exclusion or selection criteria or missing signatures. The volume of clarifications may be considered unforeseeable by the contracting authority. Consequently, the contracting authority facing the situation of the possible disruption of the critical services (security guarding) had to use negotiated procedure without prior publication of a contract notice as provided by point 11.1(c) of Annex I to the EU Financial Regulation.
