University Hospital of South Manchester is a major acute teaching hospital trust providing services for adults and children at Wythenshawe Hospital and Withington Community Hospital, and community services. We are recognised as a centre of clinical excellence and provide district general hospital services and specialist tertiary services to our local community. UHSM works in partnership with Central Manchester University Hospitals NHS Foundation Trust (CMFT); as 2 of the major university teaching hospitals in Greater Manchester we are uniquely positioned to deliver better outcomes for our patients and to provide higher quality services and greater value for money for the residents of the City of Manchester and Greater Manchester. Our partnership will bring together the strengths of both organisations to innovate and develop new models of care and deploy exciting new technologies — especially at a time when Devolution Manchester and Healthier Together is likely to change the way health and social care will be delivered across Greater Manchester for future generations. The Trust is seeking to establish a day nursery near to its campus (Nursery) as outlined in Appendix A, to act as the designated nursery for UHSM staff. The successful bidder will take over the existing Nursery and TUPE staff from April 2016 whilst developing the new site ready for relocation. The Trust reserves the right to split the award or award a single contract for all the requirements. Please note these requirements will develop and may change along with solutions during dialogue process.
