Section III: Legal, economic, financial and technical information

III.1. Conditions related to the contract

III.1.1. Deposits and guarantees required

III.1.2.

Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded

III.1.4. Contract performance conditions

The performance of the contract is subject to particular conditions: no

III.2. Conditions for participation

III.2.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions: O Tax and VAT certificate.

The certificate must not be more than 6 months from the deadline for receipt of tenders Any arrears must be explained / justified.

o Foreign tenderers must submit equivalent confirmation that government taxes and fees have been paid in the country where the tenderer has its registered place of business.

o If during the past 5 years the tenderer has been convicted of corruption, fraud or money laundering, or committed criminal offences concerning professional conduct, the judgement and case must be accounted for.

o The conditions will be assessed according to the rejection regulations in PPR §§ 11–10 and 20–12.

III.2.2. Economic and financial ability

List and brief description of conditions: Tenderers shall have sufficient economic and financial solvency to be able to comply with the contractual obligations.

o The tenderers must submit annual accounts for the last two financial years, as well as the auditor's reports.

o The Tenderer may be subject to credit appraisal.

o Recently established companies must submit accounts and auditor's reports for the period the company has been in operation.

III.2.3. Technical and professional ability

List and brief description of conditions:

The tenderer shall have good qualifications and capacity in relation to the contractual obligations.

o Suppliers shall present a binding statement stating that transport resulting from contracts with other contracting authorities, and all other transport, shall not affect the execution of the assignment in accordance with this contract.

o Suppliers shall present a binding statement stating that 100 % of the settlements have been through an internal check and are sent correct in accordance with the actual assignments that have been driven, before the demands are sent to the contracting authority.

o Sufficient certifications, material and qualifications to operate passenger transport. The documentation must, at a minimum, include the type of vehicles and registration numbers — and the date of the vehicles.

o Self-declaration that the necessary licences and other public certifications are in place.

o Ordering system and computer system, where trips can be received through SUTI interface and where there are possibilities to further connect 05515 to the service provider. The SUTI interface must be tested and approved by the contracting authority at the latest 3 months before the start-up.

o Tenderers shall have an order centre for planning trips.

- o Computer system that has the possibility to reject/return trips that are received electronically, also if the service provider has already said 'yes' to the trip.
- o Computer system that can receive all information that is in the orders from patient journeys, including retrieval of all attributes and receipt of complete text from free text fields. In addition to the SUTI protocol, the system shall support the following:
 - o If a service provider chooses to accept all trips, the computer system must still have the option to return trips to the contracting authority via a secured electronic line.
 - o If a patient or contracting authority is the reason for an assignment not be fulfilled, 'no show' must be registered on the trip. Equivalently, 'wasted trip' shall be registered if this is due to the supplier's conditions.
 - o If a tenderer does not have sufficient certifications and qualifications on the date the tender is submitted, an action plan must be enclosed as to how they shall be ready for the start-up date. The action plan must be documented, for example, with confirmation of a plan to procure vehicles from a supplier. The action plan is binding for the tenderer.
