I.6. Main activity

Other activity: Transport

Section II: Object

II.1. Scope of the procurement

II.1.1. Title

E01 Framework Agreement for Engineering Design Services

Reference number: BU/21/7

II.1.2. Main CPV code

71311200 Transport systems consultancy services

II.1.3.

Type of contract

Services

II.1.4. Short description

Procurement of E01 framework agreement for engineering design services.

Bybanen Utbygging, Bergen.

This procurement is for engineering design services outside the main engineering design services for construction stage 5, as well as individual assignments for ground surveys. The main assignments for engineering design services for construction stage 5 will be announced in separate contracts.

In addition Bybanen Utbygging can announce minor engineering design services in separate framework agreements at a later date.

The aim of E01 is therefore major engineering design services for, amongst other things, preparatory contracts and projects for construction stage 5, and also assignments for construction stage 4.

II.1.5. Estimated total value

Value excluding VAT: 400 000 000,00 NOK

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.2. Additional CPV code(s)

71311000 Civil engineering consultancy services, 71320000 Engineering design services, 71322000 Engineering design services for the construction of civil engineering works

II.2.3. Place of performance

NUTS code: NO0A2 Vestland

Main site or place of performance: Bergen.

II.2.4. Description of the procurement

The light rail project is part of the 'Environmental Lift'; 'The Environmental Lift' is a joint term in the city growth contract for the Bergen area and the new toll money package. In the next 20 years we will develop a light rail, safer and better roads, cycle paths, pavements, and environmental streets. Together we will reduce traffic jams and climate gas emissions and ensure that everyone can easily and safely move around our city.

The first to third construction stages of the Light Rail run between Byparken in the centre of Bergen and Bergen Airport Flesland. This also includes a depot and a complete new workshop for all of the future light rail network.

The fourth construction stage will run from the city centre via Haukeland Hospital and Kronstad to Mindemyren and then through Løvstakken in a tunnel towards Oasen.

The fifth construction stage runs from the city centre through Åsane to Vågsbotn, together with a continual cycle route and an extension of the Fløyfjell tunnel to Eidsvåg.

This tender enquiry is for engineering design assignments outside the main engineering design services for construction stage 5, as well as individual assignments for ground surveys. The main assignments for engineering design services for construction stage 5 will be announced in separate contracts.

In addition Bybanen Utbygging can announce minor engineering design services in separate framework agreements at a later date.

The aim of E01 is therefore major engineering design services for, amongst other things, preparatory contracts and projects for construction stage 5, and also assignments for construction stage 4. Tenderers must have good routines for interaction and sending documents to other engineering designers/executors at short notice.

The framework agreement is, thus, not exclusive and Bybanen Utbygging reserves the right to announce engineering design assignments instead of using the framework agreement.

The scope of the framework agreement is uncertain and will depend on further planning and the outcome of development plans, etc. Based on what the contracting authority currently sees, the scope is estimated to just under NOK 150 000 000, but the plans can be changed so that the scope is up to NOK 400 000 000. The estimated scope is not binding and Bybanen Utbygging is not obliged to have call-offs up to this scope.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

Value excluding VAT: 400 000 000,00 NOK

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Start: 10/01/2022 End: 10/01/2024

This contract is subject to renewal: yes

Description of renewals:

Three extensions, each for 24 months.

II.2.9. Information about the limits on the number of candidates to be invited

Envisaged minimum number: 4Maximum number: 7Objective criteria for choosing the limited number of candidates:

Selection criteria, see the tender documentation.

II.2.10. Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: yes

Description of options:

The framework agreement will be valid for 2 years, and can be extended for 3x2 years to a maximum of 8 years.

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

See the tender documentation.

III.1.2. Economic and financial standing

List and brief description of selection criteria:
See the tender documentation.

III.1.3. Technical and professional ability

List and brief description of selection criteria:
See the tender documentation.

III.1.4. Objective rules and criteria for participation

List and brief description of rules and criteria:
See the tender documentation.

III.1.6. Deposits and guarantees required

N/A

III.1.7. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

See the tender documentation.

III.1.8. Legal form to be taken by the group of economic operators to whom the contract is to be awarded

See the tender documentation.

III.2. Conditions related to the contract

III.2.2. Contract performance conditions

See the tender documentation.

Section IV: Procedure

IV.1. Description

IV.1.1. Type of procedure

Negotiated procedure with prior call for competition

IV.1.3. Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

Framework agreement with a single operator

In the case of framework agreements, provide justification for any duration exceeding 8 years:

Framework agreement for 2 years, with an option for 3 x 2 years, maximum 8 years.

IV.1.8. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes

IV.2. Administrative information

IV.2.2. Time limit for receipt of tenders or requests to participate

Date: 25/08/2021 Local time: 12:00

IV.2.3. Estimated date of dispatch of invitations to tender or to participate to selected candidates

Date: 17/09/2021

IV.2.4. Languages in which tenders or requests to participate may be submitted

Norwegian

IV.2.6. Minimum time frame during which the tenderer must maintain the tender

Tender must be valid until: 04/04/2022

Section VI: Complementary information

VI.1. Information about recurrence

This is a recurrent procurement: no

VI.3. Additional information

MerCell notice: <https://opic.com/id/afdqpppkce>.

VI.4. Procedures for review

VI.4.1. Review body

Official name: Bergen tingrett

Postal address: Postboks 7412

Town: Bergen

Postal code: 5020

Country: Norway

VI.5. Date of dispatch of this notice

30/06/2021
