This current delivery plan is subject to change dependent on the on-boarding of beneficiaries to the programme.

The scope of this service is to include:

- The application of an NPI evaluation to assess the beneficiary suppliers' internal process against industry standards and to identify improvement opportunities, with the key deliverables being capability and cost reduction.
- Development of a training plan with the supplier to close any gaps identified by the NPI Evaluation activity;
- Provision of all training material for on-site coaching and support;
- Provision of any formal training courses identified through the diagnostic process;
- Provide a list of available training courses (PFMEA etc.);
- Coaching and informal training of approximately 30 days over a 104 Week period;
- Provision of all labour to carry out the evaluation, formal training and coaching over a period of up to 2 years;
- The vendor's labour will be expected to work with the Sharing in Growth supplier development teams who will also be working with the supplier;
- Planning assumptions are to be based on an average supplier, but there must be flexibility to be able to adapt to specific local conditions.

The standard approach expected for each beneficiary is as follows:

- 1) Evaluation that is triggered by the SiG supplier Development Manager;
- 2) Training Planning;
- 3) On-site Work stream support;
