

Norway-Oslo: Devices for the disabled

OJ S 189/2016 30/09/2016

Contract notice

Supplies

Directive 2004/18/EC

Section I: Contracting authority

I.1. Name and addresses

Official name: Arbeids- og velferdsdirektoratet, Økonomi- og styringsavdelingen, Anskaffelsesseksjonen (The Norwegian Labour and Welfare Administration, Economy and Management Division, The Procurement Section)

National registration number: 889640782

Postal address: Postboks 5, St Olavs plass

Town: Oslo

Postal code: 0130

Country: Norway

For the attention of: Mette Lilleby

E-mail: nav.anskaffelser@nav.no

Telephone: +47 21071000

Fax: +47 21071010

Internet address(es):Address of the buyer profile: <https://kgv.doffin.no/ctm/Supplier/CompanyInformation/Index/1002>Electronic access to information: <https://kgv.doffin.no/ctm/Supplier/Documents/Folder/147957>**Additional information can be obtained from:**

the abovementioned address

Specifications and additional documents (including documents for competitive dialogue and a dynamic purchasing system) can be obtained from:

the abovementioned address

Tenders or requests to participate must be submitted: the abovementioned address**I.2. Type of the contracting authority**

Ministry or any other national or federal authority, including their regional or local subdivisions

I.3. Main activity

General public services

I.4. Contract award on behalf of other contracting authorities

The contracting authority is purchasing on behalf of other contracting authorities: no

Section II: Object of the contract

II.1. Description**II.1.1. Title attributed to the contract by the contracting authority**

15-4619 Hearing and Warning Aids.

II.1.2. Type of contract and place of performance or delivery

Supplies

Purchase

Main site or place of performance: Nationwide.
NUTS code NO Norge

II.1.3. Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

II.1.4. Information about framework agreement

Framework agreement with several operators

Maximum number Envisaged maximum number of participants to the framework agreement
: 234

Duration of the framework agreement

Duration in years: 4

Estimated total value of purchases for the entire duration of the framework agreement

Estimated value excluding VAT: 655 220 000 NOK

II.1.5. Short description of the contract or purchase(s)

NAV invites tenderers to an open tender competition regarding hearing and warning aids. The competition will comprise hearing and warning aids, accessories, spare parts and services. The competition is divided into several items (independent competitions). The tenderer can select to submit tender offers for 1 or more items.

Contracts will be signed for each item with a sufficient number of tenderers to cover the majority of the users' needs. There can, therefore, be variations from item to item regarding whether a framework agreement will be signed with 1 tenderer, or whether parallel framework agreements will be signed.

The contract period is 2 years from contract signing. The Contracting Authority has an option to extend all or parts of the agreement multiple times in a period of up to 2 years.

II.1.6. CPV code(s)

33196200 Devices for the disabled, 33196000 Medical aids, 33196100 Devices for the elderly, 32552160 Telephones for hearing-impaired, 32550000 Telephone equipment, 32323500 Video-surveillance system, 32340000 Microphones and loudspeakers

II.1.7. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes

II.1.8. Lots

This contract is divided into lots: yes

Tenders may be submitted for one or more lots

II.1.9. Information about variants

Variants will be accepted: no

II.2. Scope of the procurement

II.2.1. Total quantity or scope

The competition consists of 39 individual competitions.

Estimated value excluding VAT: 655 220 000 NOK

II.2.2. Information about options

Options: no

II.2.3. Information about renewals

This contract is subject to renewal: yes

In the case of renewable supplies or service contracts, estimated timeframe for subsequent contracts:

in months: 24 (from the award of the contract)

II.3. Duration of the contract or time limit for completion

Start 1.4.2017. Completion 31.3.2019

Information about lots

Lot No: 1

Lot title: Sound System for TV and radio based on IR transferring with body worn receivers

1) Short description

See the tender documentation, part 2 Annex 1.

2) CPV code(s)

33196200 Devices for the disabled, 33196000 Medical aids, 33196100 Devices for the elderly

3) Quantity or scope

The stated value of the sub-contracts is the estimated value for the aid/aids. It is emphasised that the estimates are uncertain. In addition, we anticipate some consumption of services. In this regard, please refer to the tender documentation part 1 point 1.5.2. NAV does not have systems that are able to obtain previous consumption figures for the consumption of services divided per item/sub-competition. It is therefore not possible to estimate the value of services per item/sub-competition. Of the services that must be performed at the user, it is expected that the greatest need is related to items/sub-competitions related to school facilities, loop amplifiers and epilepsy alarms.

Estimated value excluding VAT: 84 000 000 NOK

4) Indication about different time frame or duration

5) Additional information about lots

See the tender documentation, part 2 Annex 1.

Lot No: 2

Lot title: Sound system for TV and radio based on other than IR transferring with body worn receivers

1) Short description

See the tender documentation, part 2 Annex 1.

2) CPV code(s)

33196200 Devices for the disabled, 33196000 Medical aids, 33196100 Devices for the elderly

3) Quantity or scope

The stated value of the sub-contracts is the estimated value for the aid/aids. It is emphasised that the estimates are uncertain. In addition, we anticipate some consumption of services. In this regard, please refer to the tender documentation part 1 point 1.5.2. NAV does not have systems that are able to obtain previous consumption figures for the consumption of services divided per item/sub-competition. It is therefore not possible to estimate the value of services per item/sub-competition. Of the services that must be performed at the user, it is expected that the greatest need is related to items/sub-competitions related to school facilities, loop amplifiers and epilepsy alarms.

Estimated value excluding VAT: 4 000 000 NOK

4) Indication about different time frame or duration

5)

Additional information about lots

See the tender documentation, part 2 Annex 1.

Lot No: 3

Lot title: Sound system for TV and radio based on loud-speakers placed near users

1) Short description

See the tender documentation, part 2 Annex 1.

2) CPV code(s)

33196200 Devices for the disabled, 33196000 Medical aids, 33196100 Devices for the elderly

3) Quantity or scope

The stated value of the sub-contracts is the estimated value for the aid/aids. It is emphasised that the estimates are uncertain. In addition, we anticipate some consumption of services. In this regard, please refer to the tender documentation part 1 point 1.5.2. NAV does not have systems that are able to obtain previous consumption figures for the consumption of services divided per item/sub-competition. It is therefore not possible to estimate the value of services per item/sub-competition. Of the services that must be performed at the user, it is expected that the greatest need is related to items/sub-competitions related to school facilities, loop amplifiers and epilepsy alarms.

Estimated value excluding VAT: 2 000 000 NOK

4) Indication about different time frame or duration

5) Additional information about lots

See the tender documentation, part 2 Annex 1.

Lot No: 4

Lot title: Loop amplifiers for small coverage areas (chair, bench and the similar)

1) Short description

See the tender documentation, part 2 Annex 1.

2) CPV code(s)

33196200 Devices for the disabled, 33196000 Medical aids, 33196100 Devices for the elderly

3) Quantity or scope

The stated value of the sub-contracts is the estimated value for the aid/aids. It is emphasised that the estimates are uncertain. In addition, we anticipate some consumption of services. In this regard, please refer to the tender documentation part 1 point 1.5.2. NAV does not have systems that are able to obtain previous consumption figures for the consumption of services divided per item/sub-competition. It is therefore not possible to estimate the value of services per item/sub-competition. Of the services that must be performed at the user, it is expected that the greatest need is related to items/sub-competitions related to school facilities, loop amplifiers and epilepsy alarms.

Estimated value excluding VAT: 400 000 NOK

4) Indication about different time frame or duration

5) Additional information about lots

See the tender documentation, part 2 Annex 1.

Lot No: 5

Lot title: Loop amplifiers for dwellings(approx. 80 — 200 square metres)

1)

Short description

See the tender documentation, part 2 Annex 1.

2) CPV code(s)

33196200 Devices for the disabled, 33196000 Medical aids, 33196100 Devices for the elderly

3) Quantity or scope

The stated value of the sub-contracts is the estimated value for the aid/aids. It is emphasised that the estimates are uncertain. In addition, we anticipate some consumption of services. In this regard, please refer to the tender documentation part 1 point 1.5.2. NAV does not have systems that are able to obtain previous consumption figures for the consumption of services divided per item/sub-competition. It is therefore not possible to estimate the value of services per item/sub-competition. Of the services that must be performed at the user, it is expected that the greatest need is related to items/sub-competitions related to school facilities, loop amplifiers and epilepsy alarms.

Estimated value excluding VAT: 1 600 000 NOK

4) Indication about different time frame or duration**5) Additional information about lots**

See the tender documentation, part 2 Annex 1.

Lot No: 6

Lot title: Loop amplifiers suitable for use at school or workplaces (from approx. 60 square metres) for connection to inter-communication systems

1) Short description

See the tender documentation, part 2 Annex 1.

2) CPV code(s)

33196200 Devices for the disabled, 33196000 Medical aids, 33196100 Devices for the elderly

3) Quantity or scope

The stated value of the sub-contracts is the estimated value for the aid/aids. It is emphasised that the estimates are uncertain. In addition, we anticipate some consumption of services. In this regard, please refer to the tender documentation part 1 point 1.5.2. NAV does not have systems that are able to obtain previous consumption figures for the consumption of services divided per item/sub-competition. It is therefore not possible to estimate the value of services per item/sub-competition. Of the services that must be performed at the user, it is expected that the greatest need is related to items/sub-competitions related to school facilities, loop amplifiers and epilepsy alarms.

Estimated value excluding VAT: 2 400 000 NOK

4) Indication about different time frame or duration**5) Additional information about lots**

See the tender documentation, part 2 Annex 1.

Lot No: 7

Lot title: Hard-wired communications amplifiers, simple

1) Short description

See the tender documentation, part 2 Annex 1.

2) CPV code(s)

33196200 Devices for the disabled, 33196000 Medical aids, 33196100 Devices for the elderly, 32570000 Communications equipment

3) Quantity or scope

The stated value of the sub-contracts is the estimated value for the aid/aids. It is emphasised that the estimates are uncertain. In addition, we anticipate some consumption of services. In this regard, please refer to the tender documentation part 1 point 1.5.2. NAV does not have systems that are able to obtain previous consumption figures for the consumption of services divided per item/sub-competition. It is therefore not possible to estimate the value of services per item/sub-competition. Of the services that must be performed at the user, it is expected that the greatest need is related to items/sub-competitions related to school facilities, loop amplifiers and epilepsy alarms.

Estimated value excluding VAT: 4 000 000 NOK

4) Indication about different time frame or duration

5) Additional information about lots

See the tender documentation, part 2 Annex 1.

Lot No: 8

Lot title: Hard-wired communications amplifiers, advanced

1) Short description

See the tender documentation, part 2 Annex 1.

2) CPV code(s)

33196200 Devices for the disabled, 33196000 Medical aids, 33196100 Devices for the elderly

3) Quantity or scope

The stated value of the sub-contracts is the estimated value for the aid/aids. It is emphasised that the estimates are uncertain. In addition, we anticipate some consumption of services. In this regard, please refer to the tender documentation part 1 point 1.5.2. NAV does not have systems that are able to obtain previous consumption figures for the consumption of services divided per item/sub-competition. It is therefore not possible to estimate the value of services per item/sub-competition. Of the services that must be performed at the user, it is expected that the greatest need is related to items/sub-competitions related to school facilities, loop amplifiers and epilepsy alarms.

Estimated value excluding VAT: 10 000 000 NOK

4) Indication about different time frame or duration

5) Additional information about lots

See the tender documentation, part 2 Annex 1.

Lot No: 9

Lot title: Wireless communications amplifiers, simple

1) Short description

See the tender documentation, part 2 Annex 1.

2) CPV code(s)

33196200 Devices for the disabled, 33196000 Medical aids, 33196100 Devices for the elderly

3) Quantity or scope

The stated value of the sub-contracts is the estimated value for the aid/aids. It is emphasised that the estimates are uncertain. In addition, we anticipate some consumption of services. In

this regard, please refer to the tender documentation part 1 point 1.5.2. NAV does not have systems that are able to obtain previous consumption figures for the consumption of services divided per item/sub-competition. It is therefore not possible to estimate the value of services per item/sub-competition. Of the services that must be performed at the user, it is expected that the greatest need is related to items/sub-competitions related to school facilities, loop amplifiers and epilepsy alarms.

Estimated value excluding VAT: 20 000 000 NOK

4) Indication about different time frame or duration

5) Additional information about lots

See the tender documentation, part 2 Annex 1.

Lot No: 10

Lot title: Wireless communications amplifiers, advanced

1) Short description

See the tender documentation, part 2 Annex 1.

2) CPV code(s)

33196200 Devices for the disabled, 33196000 Medical aids, 33196100 Devices for the elderly

3) Quantity or scope

The stated value of the sub-contracts is the estimated value for the aid/aids. It is emphasised that the estimates are uncertain. In addition, we anticipate some consumption of services. In this regard, please refer to the tender documentation part 1 point 1.5.2. NAV does not have systems that are able to obtain previous consumption figures for the consumption of services divided per item/sub-competition. It is therefore not possible to estimate the value of services per item/sub-competition. Of the services that must be performed at the user, it is expected that the greatest need is related to items/sub-competitions related to school facilities, loop amplifiers and epilepsy alarms.

Estimated value excluding VAT: 40 000 000 NOK

4) Indication about different time frame or duration

5) Additional information about lots

See the tender documentation, part 2 Annex 1.

Lot No: 11

Lot title: Wireless communications system, portable

1) Short description

See the tender documentation, part 2 Annex 1.

2) CPV code(s)

33196200 Devices for the disabled, 33196000 Medical aids, 33196100 Devices for the elderly

3) Quantity or scope

The stated value of the sub-contracts is the estimated value for the aid/aids. It is emphasised that the estimates are uncertain. In addition, we anticipate some consumption of services. In this regard, please refer to the tender documentation part 1 point 1.5.2. NAV does not have systems that are able to obtain previous consumption figures for the consumption of services divided per item/sub-competition. It is therefore not possible to estimate the value of services per item/sub-competition. Of the services that must be performed at the user, it is expected that the greatest need is related to items/sub-competitions related to school facilities, loop amplifiers and epilepsy alarms.

Estimated value excluding VAT: 24 000 000 NOK

4) Indication about different time frame or duration

5) Additional information about lots

See the tender documentation, part 2 Annex 1.

Lot No: 12

Lot title: Microphone system//communications system

1) Short description

See the tender documentation, part 2 Annex 1.

2) CPV code(s)

33196200 Devices for the disabled, 33196000 Medical aids, 33196100 Devices for the elderly

3) Quantity or scope

The stated value of the sub-contracts is the estimated value for the aid/aids. It is emphasised that the estimates are uncertain. In addition, we anticipate some consumption of services. In this regard, please refer to the tender documentation part 1 point 1.5.2. NAV does not have systems that are able to obtain previous consumption figures for the consumption of services divided per item/sub-competition. It is therefore not possible to estimate the value of services per item/sub-competition. Of the services that must be performed at the user, it is expected that the greatest need is related to items/sub-competitions related to school facilities, loop amplifiers and epilepsy alarms.

Estimated value excluding VAT: 400 000 NOK

4) Indication about different time frame or duration

5) Additional information about lots

See the tender documentation, part 2 Annex 1.

Lot No: 13

Lot title: Direct sound and close vicinity sound to users, sound transferring equipment for connection to microphone system/communications system/school installation

1) Short description

See the tender documentation, part 2 Annex 1.

2) CPV code(s)

33196200 Devices for the disabled, 33196000 Medical aids, 33196100 Devices for the elderly

3) Quantity or scope

The stated value of the sub-contracts is the estimated value for the aid/aids. It is emphasised that the estimates are uncertain. In addition, we anticipate some consumption of services. In this regard, please refer to the tender documentation part 1 point 1.5.2. NAV does not have systems that are able to obtain previous consumption figures for the consumption of services divided per item/sub-competition. It is therefore not possible to estimate the value of services per item/sub-competition. Of the services that must be performed at the user, it is expected that the greatest need is related to items/sub-competitions related to school facilities, loop amplifiers and epilepsy alarms.

Estimated value excluding VAT: 400 000 NOK

4) Indication about different time frame or duration

5)

Additional information about lots

See the tender documentation, part 2 Annex 1.

Lot No: 14

Lot title: Communications system with sound leveliser, portable

1) Short description

See the tender documentation, part 2 Annex 1.

2) CPV code(s)

33196200 Devices for the disabled, 33196000 Medical aids, 33196100 Devices for the elderly, 32340000 Microphones and loudspeakers

3) Quantity or scope

The stated value of the sub-contracts is the estimated value for the aid/aids. It is emphasised that the estimates are uncertain. In addition, we anticipate some consumption of services. In this regard, please refer to the tender documentation part 1 point 1.5.2. NAV does not have systems that are able to obtain previous consumption figures for the consumption of services divided per item/sub-competition. It is therefore not possible to estimate the value of services per item/sub-competition. Of the services that must be performed at the user, it is expected that the greatest need is related to items/sub-competitions related to school facilities, loop amplifiers and epilepsy alarms.

Estimated value excluding VAT: 60 000 000 NOK

4) Indication about different time frame or duration

5) Additional information about lots

See the tender documentation, part 2 Annex 1.

Lot No: 15

Lot title: Communications system with sound leveliser, stationary

1) Short description

See the tender documentation, part 2 Annex 1.

2) CPV code(s)

33196200 Devices for the disabled, 33196000 Medical aids, 33196100 Devices for the elderly, 32340000 Microphones and loudspeakers

3) Quantity or scope

The stated value of the sub-contracts is the estimated value for the aid/aids. It is emphasised that the estimates are uncertain. In addition, we anticipate some consumption of services. In this regard, please refer to the tender documentation part 1 point 1.5.2. NAV does not have systems that are able to obtain previous consumption figures for the consumption of services divided per item/sub-competition. It is therefore not possible to estimate the value of services per item/sub-competition. Of the services that must be performed at the user, it is expected that the greatest need is related to items/sub-competitions related to school facilities, loop amplifiers and epilepsy alarms.

Estimated value excluding VAT: 60 000 000 NOK

4) Indication about different time frame or duration

5) Additional information about lots

See the tender documentation, part 2 Annex 1.

Lot No: 16

Lot title: Communications system, stationary, wireless, audio transferring to users; near vicinity audio /headsets, induction loops, IR or radio frequencies

1) Short description

See the tender documentation, part 2 Annex 1.

2) CPV code(s)

33196200 Devices for the disabled, 33196000 Medical aids, 33196100 Devices for the elderly, 32340000 Microphones and loudspeakers

3) Quantity or scope

The stated value of the sub-contracts is the estimated value for the aid/aids. It is emphasised that the estimates are uncertain. In addition, we anticipate some consumption of services. In this regard, please refer to the tender documentation part 1 point 1.5.2. NAV does not have systems that are able to obtain previous consumption figures for the consumption of services divided per item/sub-competition. It is therefore not possible to estimate the value of services per item/sub-competition. Of the services that must be performed at the user, it is expected that the greatest need is related to items/sub-competitions related to school facilities, loop amplifiers and epilepsy alarms.

Estimated value excluding VAT: 60 000 000 NOK

4) Indication about different time frame or duration

5) Additional information about lots

See the tender documentation, part 2 Annex 1.

Lot No: 17

Lot title: Amplifier telephone for analogue line with induction loop in the handset and high volume

1) Short description

See the tender documentation, part 2 Annex 1.

2) CPV code(s)

33196200 Devices for the disabled, 33196000 Medical aids, 33196100 Devices for the elderly, 32552160 Telephones for hearing-impaired

3) Quantity or scope

The stated value of the sub-contracts is the estimated value for the aid/aids. It is emphasised that the estimates are uncertain. In addition, we anticipate some consumption of services. In this regard, please refer to the tender documentation part 1 point 1.5.2. NAV does not have systems that are able to obtain previous consumption figures for the consumption of services divided per item/sub-competition. It is therefore not possible to estimate the value of services per item/sub-competition. Of the services that must be performed at the user, it is expected that the greatest need is related to items/sub-competitions related to school facilities, loop amplifiers and epilepsy alarms.

Estimated value excluding VAT: 6 000 000 NOK

4) Indication about different time frame or duration

5) Additional information about lots

See the tender documentation, part 2 Annex 1.

Lot No: 18

Lot title: Amplifier telephone for analogue line with induction loop in the handset and high volume, with number display

1) Short description

See the tender documentation, part 2 Annex 1.

2) CPV code(s)

33196200 Devices for the disabled, 33196000 Medical aids, 33196100 Devices for the elderly, 32552160 Telephones for hearing-impaired

3) Quantity or scope

The stated value of the sub-contracts is the estimated value for the aid/aids. It is emphasised that the estimates are uncertain. In addition, we anticipate some consumption of services. In this regard, please refer to the tender documentation part 1 point 1.5.2. NAV does not have systems that are able to obtain previous consumption figures for the consumption of services divided per item/sub-competition. It is therefore not possible to estimate the value of services per item/sub-competition. Of the services that must be performed at the user, it is expected that the greatest need is related to items/sub-competitions related to school facilities, loop amplifiers and epilepsy alarms.

Estimated value excluding VAT: 4 000 000 NOK

4) Indication about different time frame or duration

5) Additional information about lots

See the tender documentation, part 2 Annex 1.

Lot No: 19

Lot title: Wireless amplifier telephone for analogue line with induction loop in the handset

1) Short description

See the tender documentation, part 2 Annex 1.

2) CPV code(s)

33196200 Devices for the disabled, 33196000 Medical aids, 33196100 Devices for the elderly, 32552160 Telephones for hearing-impaired

3) Quantity or scope

The stated value of the sub-contracts is the estimated value for the aid/aids. It is emphasised that the estimates are uncertain. In addition, we anticipate some consumption of services. In this regard, please refer to the tender documentation part 1 point 1.5.2. NAV does not have systems that are able to obtain previous consumption figures for the consumption of services divided per item/sub-competition. It is therefore not possible to estimate the value of services per item/sub-competition. Of the services that must be performed at the user, it is expected that the greatest need is related to items/sub-competitions related to school facilities, loop amplifiers and epilepsy alarms.

Estimated value excluding VAT: 600 000 NOK

4) Indication about different time frame or duration

5) Additional information about lots

See the tender documentation, part 2 Annex 1.

Lot No: 20

Lot title: Telephone amplifier

1) Short description

See the tender documentation, part 2 Annex 1.

2) CPV code(s)

33196200 Devices for the disabled, 33196000 Medical aids, 33196100 Devices for the elderly, 32550000 Telephone equipment

3) Quantity or scope

The stated value of the sub-contracts is the estimated value for the aid/aids. It is emphasised that the estimates are uncertain. In addition, we anticipate some consumption of services. In this regard, please refer to the tender documentation part 1 point 1.5.2. NAV does not have systems that are able to obtain previous consumption figures for the consumption of services divided per item/sub-competition. It is therefore not possible to estimate the value of services per item/sub-competition. Of the services that must be performed at the user, it is expected that the greatest need is related to items/sub-competitions related to school facilities, loop amplifiers and epilepsy alarms.

Estimated value excluding VAT: 20 000 NOK

4) Indication about different time frame or duration

5) Additional information about lots

See the tender documentation, part 2 Annex 1.

Lot No: 21

Lot title: Connection unit for transferring of sound to a listening device via induction loop or Bluetooth (induction loop hooks etc.)

1) Short description

See the tender documentation, part 2 Annex 1.

2) CPV code(s)

33196200 Devices for the disabled, 33196000 Medical aids, 33196100 Devices for the elderly

3) Quantity or scope

The stated value of the sub-contracts is the estimated value for the aid/aids. It is emphasised that the estimates are uncertain. In addition, we anticipate some consumption of services. In this regard, please refer to the tender documentation part 1 point 1.5.2. NAV does not have systems that are able to obtain previous consumption figures for the consumption of services divided per item/sub-competition. It is therefore not possible to estimate the value of services per item/sub-competition. Of the services that must be performed at the user, it is expected that the greatest need is related to items/sub-competitions related to school facilities, loop amplifiers and epilepsy alarms.

Estimated value excluding VAT: 1 400 000 NOK

4) Indication about different time frame or duration

5) Additional information about lots

See the tender documentation, part 2 Annex 1.

Lot No: 22

Lot title: Warning system primarily for use in the home

1) Short description

See the tender documentation, part 2 Annex 1.

2) CPV code(s)

33196200 Devices for the disabled, 33196000 Medical aids, 33196100 Devices for the elderly

3) Quantity or scope

The stated value of the sub-contracts is the estimated value for the aid/aids. It is emphasised

that the estimates are uncertain. In addition, we anticipate some consumption of services. In this regard, please refer to the tender documentation part 1 point 1.5.2. NAV does not have systems that are able to obtain previous consumption figures for the consumption of services divided per item/sub-competition. It is therefore not possible to estimate the value of services per item/sub-competition. Of the services that must be performed at the user, it is expected that the greatest need is related to items/sub-competitions related to school facilities, loop amplifiers and epilepsy alarms.

Estimated value excluding VAT: 60 000 000 NOK

4) Indication about different time frame or duration

5) Additional information about lots

See the tender documentation, part 2 Annex 1.

Lot No: 23

Lot title: Warning system primarily for use in the workplace

1) Short description

See the tender documentation, part 2 Annex 1.

2) CPV code(s)

33196200 Devices for the disabled, 33196000 Medical aids, 33196100 Devices for the elderly

3) Quantity or scope

The stated value of the sub-contracts is the estimated value for the aid/aids. It is emphasised that the estimates are uncertain. In addition, we anticipate some consumption of services. In this regard, please refer to the tender documentation part 1 point 1.5.2. NAV does not have systems that are able to obtain previous consumption figures for the consumption of services divided per item/sub-competition. It is therefore not possible to estimate the value of services per item/sub-competition. Of the services that must be performed at the user, it is expected that the greatest need is related to items/sub-competitions related to school facilities, loop amplifiers and epilepsy alarms.

Estimated value excluding VAT: 24 000 000 NOK

4) Indication about different time frame or duration

5) Additional information about lots

See the tender documentation, part 2 Annex 1.

Lot No: 24

Lot title: Warning device for waking

1) Short description

See the tender documentation, part 2 Annex 1.

2) CPV code(s)

33196200 Devices for the disabled, 33196000 Medical aids, 33196100 Devices for the elderly

3) Quantity or scope

The stated value of the sub-contracts is the estimated value for the aid/aids. It is emphasised that the estimates are uncertain. In addition, we anticipate some consumption of services. In this regard, please refer to the tender documentation part 1 point 1.5.2. NAV does not have systems that are able to obtain previous consumption figures for the consumption of services divided per item/sub-competition. It is therefore not possible to estimate the value of services per item/sub-competition. Of the services that must be performed at the user, it is expected

that the greatest need is related to items/sub-competitions related to school facilities, loop amplifiers and epilepsy alarms.

Estimated value excluding VAT: 400 000 NOK

4) Indication about different time frame or duration

5) Additional information about lots

See the tender documentation, part 2 Annex 1.

Lot No: 25

Lot title: Warning device, baby-sitter

1) Short description

See the tender documentation, part 2 Annex 1.

2) CPV code(s)

33196200 Devices for the disabled, 33196000 Medical aids, 33196100 Devices for the elderly

3) Quantity or scope

The stated value of the sub-contracts is the estimated value for the aid/aids. It is emphasised that the estimates are uncertain. In addition, we anticipate some consumption of services. In this regard, please refer to the tender documentation part 1 point 1.5.2. NAV does not have systems that are able to obtain previous consumption figures for the consumption of services divided per item/sub-competition. It is therefore not possible to estimate the value of services per item/sub-competition. Of the services that must be performed at the user, it is expected that the greatest need is related to items/sub-competitions related to school facilities, loop amplifiers and epilepsy alarms.

Estimated value excluding VAT: 200 000 NOK

4) Indication about different time frame or duration

5) Additional information about lots

See the tender documentation, part 2 Annex 1.

Lot No: 26

Lot title: Warning of epileptic seizure in bed or chair with further warning to nearby persons/support providers

1) Short description

See the tender documentation, part 2 Annex 1.

2) CPV code(s)

33196200 Devices for the disabled, 33196000 Medical aids, 33196100 Devices for the elderly

3) Quantity or scope

The stated value of the sub-contracts is the estimated value for the aid/aids. It is emphasised that the estimates are uncertain. In addition, we anticipate some consumption of services. In this regard, please refer to the tender documentation part 1 point 1.5.2. NAV does not have systems that are able to obtain previous consumption figures for the consumption of services divided per item/sub-competition. It is therefore not possible to estimate the value of services per item/sub-competition. Of the services that must be performed at the user, it is expected that the greatest need is related to items/sub-competitions related to school facilities, loop amplifiers and epilepsy alarms.

Estimated value excluding VAT: 48 000 000 NOK

4) Indication about different time frame or duration

5) Additional information about lots

See the tender documentation, part 2 Annex 1.

Lot No: 27

Lot title: Warning of epileptic seizure when users move indoors, with further warning to nearby persons /support providers. Warning of seizures that escalate as a fall

1) Short description

See the tender documentation, part 2 Annex 1.

2) CPV code(s)

33196200 Devices for the disabled, 33196000 Medical aids, 33196100 Devices for the elderly

3) Quantity or scope

The stated value of the sub-contracts is the estimated value for the aid/aids. It is emphasised that the estimates are uncertain. In addition, we anticipate some consumption of services. In this regard, please refer to the tender documentation part 1 point 1.5.2. NAV does not have systems that are able to obtain previous consumption figures for the consumption of services divided per item/sub-competition. It is therefore not possible to estimate the value of services per item/sub-competition. Of the services that must be performed at the user, it is expected that the greatest need is related to items/sub-competitions related to school facilities, loop amplifiers and epilepsy alarms.

Estimated value excluding VAT: 2 000 000 NOK

4) Indication about different time frame or duration

5) Additional information about lots

See the tender documentation, part 2 Annex 1.

Lot No: 28

Lot title: Warning of epileptic seizure when users move indoors, with further warning to nearby persons /support providers. Warn of other types of seizures than falls

1) Short description

See the tender documentation, part 2 Annex 1.

2) CPV code(s)

33196200 Devices for the disabled, 33196000 Medical aids, 33196100 Devices for the elderly

3) Quantity or scope

The stated value of the sub-contracts is the estimated value for the aid/aids. It is emphasised that the estimates are uncertain. In addition, we anticipate some consumption of services. In this regard, please refer to the tender documentation part 1 point 1.5.2. NAV does not have systems that are able to obtain previous consumption figures for the consumption of services divided per item/sub-competition. It is therefore not possible to estimate the value of services per item/sub-competition. Of the services that must be performed at the user, it is expected that the greatest need is related to items/sub-competitions related to school facilities, loop amplifiers and epilepsy alarms.

Estimated value excluding VAT: 2 000 000 NOK

4) Indication about different time frame or duration

5) Additional information about lots

See the tender documentation, part 2 Annex 1.

Lot No: 29

Lot title: Warning of epileptic seizure outdoors, with tracking capability. Warning of seizures that escalate as a fall

1) Short description

See the tender documentation, part 2 Annex 1.

2) CPV code(s)

33196200 Devices for the disabled, 33196000 Medical aids, 33196100 Devices for the elderly

3) Quantity or scope

The stated value of the sub-contracts is the estimated value for the aid/aids. It is emphasised that the estimates are uncertain. In addition, we anticipate some consumption of services. In this regard, please refer to the tender documentation part 1 point 1.5.2. NAV does not have systems that are able to obtain previous consumption figures for the consumption of services divided per item/sub-competition. It is therefore not possible to estimate the value of services per item/sub-competition. Of the services that must be performed at the user, it is expected that the greatest need is related to items/sub-competitions related to school facilities, loop amplifiers and epilepsy alarms.

Estimated value excluding VAT: 8 000 000 NOK

4) Indication about different time frame or duration

5) Additional information about lots

See the tender documentation, part 2 Annex 1.

Lot No: 30

Lot title: Warning of epileptic seizure outdoors, with tracking capability. Warn of other types of seizures than falls

1) Short description

See the tender documentation, part 2 Annex 1.

2) CPV code(s)

33196200 Devices for the disabled, 33196000 Medical aids, 33196100 Devices for the elderly

3) Quantity or scope

The stated value of the sub-contracts is the estimated value for the aid/aids. It is emphasised that the estimates are uncertain. In addition, we anticipate some consumption of services. In this regard, please refer to the tender documentation part 1 point 1.5.2. NAV does not have systems that are able to obtain previous consumption figures for the consumption of services divided per item/sub-competition. It is therefore not possible to estimate the value of services per item/sub-competition. Of the services that must be performed at the user, it is expected that the greatest need is related to items/sub-competitions related to school facilities, loop amplifiers and epilepsy alarms.

Estimated value excluding VAT: 2 000 000 NOK

4) Indication about different time frame or duration

5) Additional information about lots

See the tender documentation, part 2 Annex 1.

Lot No: 31

Lot title: Safety — wireless video monitoring with audio

1) Short description

See the tender documentation, part 2 Annex 1.

2) CPV code(s)

33196200 Devices for the disabled, 33196000 Medical aids, 33196100 Devices for the elderly, 32323500 Video-surveillance system

3) Quantity or scope

The stated value of the sub-contracts is the estimated value for the aid/aids. It is emphasised that the estimates are uncertain. In addition, we anticipate some consumption of services. In this regard, please refer to the tender documentation part 1 point 1.5.2. NAV does not have systems that are able to obtain previous consumption figures for the consumption of services divided per item/sub-competition. It is therefore not possible to estimate the value of services per item/sub-competition. Of the services that must be performed at the user, it is expected that the greatest need is related to items/sub-competitions related to school facilities, loop amplifiers and epilepsy alarms.

Estimated value excluding VAT: 10 000 000 NOK

4) Indication about different time frame or duration

5) Additional information about lots

See the tender documentation, part 2 Annex 1.

Lot No: 32

Lot title: Wandering — decision support to users

1) Short description

See the tender documentation, part 2 Annex 1.

2) CPV code(s)

33196200 Devices for the disabled, 33196000 Medical aids, 33196100 Devices for the elderly

3) Quantity or scope

The stated value of the sub-contracts is the estimated value for the aid/aids. It is emphasised that the estimates are uncertain. In addition, we anticipate some consumption of services. In this regard, please refer to the tender documentation part 1 point 1.5.2. NAV does not have systems that are able to obtain previous consumption figures for the consumption of services divided per item/sub-competition. It is therefore not possible to estimate the value of services per item/sub-competition. Of the services that must be performed at the user, it is expected that the greatest need is related to items/sub-competitions related to school facilities, loop amplifiers and epilepsy alarms.

Estimated value excluding VAT: 2 400 000 NOK

4) Indication about different time frame or duration

5) Additional information about lots

See the tender documentation, part 2 Annex 1.

Lot No: 33

Lot title: Wandering — wireless warning to nearby persons in the same residence

1) Short description

See the tender documentation, part 2 Annex 1.

2) CPV code(s)

33196200 Devices for the disabled, 33196000 Medical aids, 33196100 Devices for the elderly

3) Quantity or scope

The stated value of the sub-contracts is the estimated value for the aid/aids. It is emphasised

that the estimates are uncertain. In addition, we anticipate some consumption of services. In this regard, please refer to the tender documentation part 1 point 1.5.2. NAV does not have systems that are able to obtain previous consumption figures for the consumption of services divided per item/sub-competition. It is therefore not possible to estimate the value of services per item/sub-competition. Of the services that must be performed at the user, it is expected that the greatest need is related to items/sub-competitions related to school facilities, loop amplifiers and epilepsy alarms.

Estimated value excluding VAT: 14 000 000 NOK

4) Indication about different time frame or duration

5) Additional information about lots

See the tender documentation, part 2 Annex 1.

Lot No: 34

Lot title: Safety — wireless simple summoning of nearby person in the same residence (sender and mobile receivers)

1) Short description

See the tender documentation, part 2 Annex 1.

2) CPV code(s)

33196200 Devices for the disabled, 33196000 Medical aids, 33196100 Devices for the elderly

3) Quantity or scope

The stated value of the sub-contracts is the estimated value for the aid/aids. It is emphasised that the estimates are uncertain. In addition, we anticipate some consumption of services. In this regard, please refer to the tender documentation part 1 point 1.5.2. NAV does not have systems that are able to obtain previous consumption figures for the consumption of services divided per item/sub-competition. It is therefore not possible to estimate the value of services per item/sub-competition. Of the services that must be performed at the user, it is expected that the greatest need is related to items/sub-competitions related to school facilities, loop amplifiers and epilepsy alarms.

Estimated value excluding VAT: 2 000 000 NOK

4) Indication about different time frame or duration

5) Additional information about lots

See the tender documentation, part 2 Annex 1.

Lot No: 35

Lot title: Safety — wireless simple summoning of nearby person in the same residence (switch with integrated sender and mobile receivers)

1) Short description

See the tender documentation, part 2 Annex 1.

2) CPV code(s)

33196200 Devices for the disabled, 33196000 Medical aids, 33196100 Devices for the elderly

3) Quantity or scope

The stated value of the sub-contracts is the estimated value for the aid/aids. It is emphasised that the estimates are uncertain. In addition, we anticipate some consumption of services. In this regard, please refer to the tender documentation part 1 point 1.5.2. NAV does not have systems that are able to obtain previous consumption figures for the consumption of services divided per item/sub-competition. It is therefore not possible to estimate the value of services

per item/sub-competition. Of the services that must be performed at the user, it is expected that the greatest need is related to items/sub-competitions related to school facilities, loop amplifiers and epilepsy alarms.

Estimated value excluding VAT: 6 000 000 NOK

4) Indication about different time frame or duration

5) Additional information about lots

See the tender documentation, part 2 Annex 1.

Lot No: 36

Lot title: Oven guard with wireless heat guard to oven with 25 amps front connected fuse

1) Short description

See the tender documentation, part 2 Annex 1.

2) CPV code(s)

33196200 Devices for the disabled, 33196000 Medical aids, 33196100 Devices for the elderly

3) Quantity or scope

The stated value of the sub-contracts is the estimated value for the aid/aids. It is emphasised that the estimates are uncertain. In addition, we anticipate some consumption of services. In this regard, please refer to the tender documentation part 1 point 1.5.2. NAV does not have systems that are able to obtain previous consumption figures for the consumption of services divided per item/sub-competition. It is therefore not possible to estimate the value of services per item/sub-competition. Of the services that must be performed at the user, it is expected that the greatest need is related to items/sub-competitions related to school facilities, loop amplifiers and epilepsy alarms.

Estimated value excluding VAT: 64 000 000 NOK

4) Indication about different time frame or duration

5) Additional information about lots

See the tender documentation, part 2 Annex 1.

Lot No: 37

Lot title: Oven guard with wireless head guard with 16 amps front connected fuse

1) Short description

See the tender documentation, part 2 Annex 1.

2) CPV code(s)

33196200 Devices for the disabled, 33196000 Medical aids, 33196100 Devices for the elderly

3) Quantity or scope

The stated value of the sub-contracts is the estimated value for the aid/aids. It is emphasised that the estimates are uncertain. In addition, we anticipate some consumption of services. In this regard, please refer to the tender documentation part 1 point 1.5.2. NAV does not have systems that are able to obtain previous consumption figures for the consumption of services divided per item/sub-competition. It is therefore not possible to estimate the value of services per item/sub-competition. Of the services that must be performed at the user, it is expected that the greatest need is related to items/sub-competitions related to school facilities, loop amplifiers and epilepsy alarms.

Estimated value excluding VAT: 800 000 NOK

4) Indication about different time frame or duration

5) Additional information about lots

See the tender documentation, part 2 Annex 1.

Lot No: 38

Lot title: EI-guard to integrated oven with 16 amps front connected fuse

1) Short description

See the tender documentation, part 2 Annex 1.

2) CPV code(s)

33196200 Devices for the disabled, 33196000 Medical aids, 33196100 Devices for the elderly

3) Quantity or scope

The stated value of the sub-contracts is the estimated value for the aid/aids. It is emphasised that the estimates are uncertain. In addition, we anticipate some consumption of services. In this regard, please refer to the tender documentation part 1 point 1.5.2. NAV does not have systems that are able to obtain previous consumption figures for the consumption of services divided per item/sub-competition. It is therefore not possible to estimate the value of services per item/sub-competition. Of the services that must be performed at the user, it is expected that the greatest need is related to items/sub-competitions related to school facilities, loop amplifiers and epilepsy alarms.

Estimated value excluding VAT: 1 200 000 NOK

4) Indication about different time frame or duration

5) Additional information about lots

See the tender documentation, part 2 Annex 1.

Lot No: 39

Lot title: Time clock, double-pole to 16 amps front connected fuse

1) Short description

See the tender documentation, part 2 Annex 1.

2) CPV code(s)

33196200 Devices for the disabled, 33196000 Medical aids, 33196100 Devices for the elderly

3) Quantity or scope

The stated value of the sub-contracts is the estimated value for the aid/aids. It is emphasised that the estimates are uncertain. In addition, we anticipate some consumption of services. In this regard, please refer to the tender documentation part 1 point 1.5.2. NAV does not have systems that are able to obtain previous consumption figures for the consumption of services divided per item/sub-competition. Of the services that must be performed at the user, it is expected that the greatest need is related to items/sub-competitions related to school facilities, loop amplifiers and epilepsy alarms.

Estimated value excluding VAT: 400 000 NOK

4) Indication about different time frame or duration

5) Additional information about lots

See the tender documentation, part 2 Annex 1.

Section III: Legal, economic, financial and technical information

III.1. Conditions related to the contract

III.1.1. Deposits and guarantees required

III.1.2. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded

III.1.4. Contract performance conditions

The performance of the contract is subject to particular conditions: no

III.2. Conditions for participation

III.2.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions: Requirement:

Norwegian tenderers must have their tax and VAT payments in order.

Documentation requirement:

Norwegian tenderers shall enclose a tax and VAT certificate from the tax authorities, not older than six months from the tender deadline.

Requirement:

The tenderer is required to be a legally established company.

Documentation requirement:

Norwegian tenderers: Company registration certificate from the Brønnøysund Register Centre.

Foreign tenderers: Certificate for registration in the Register of Business Enterprises as prescribed in the legislation of the country in which the supplier is established.

Refer to the tender documentation part 1 point 2.

III.2.2. Economic and financial ability

III.2.3. Technical and professional ability

III.2.4. Information about reserved contracts

III.3. Conditions specific to services contracts

III.3.1. Information about a particular profession

Execution of the service is reserved to a particular profession: no

III.3.2. Information about staff responsible for the performance of the contract

Obligation to indicate the names and professional qualifications of the staff assigned to performing the contract: no

Section IV: Procedure

IV.1. Type of procedure

IV.1.1. Type of procedure

Open

IV.1.2. Information about the limits on the number of candidates to be invited

IV.1.3.

Information about reduction of the number of solutions or tenders during negotiation or dialogue

IV.2. Award criteria

IV.2.1. Award criteria

The most economically advantageous tender in terms of Price is not the only award criterion and all criteria are stated only in the procurement documents

IV.2.2. Information about electronic auction

An electronic auction will be used: no

IV.3. Administrative information

IV.3.1. File reference number attributed by the contracting authority

15-4619

IV.3.2. Previous publication concerning this procedure

Prior information notice

Notice number in the OJ S: [2015/S 186-337611](#) of 25.9.2015

IV.3.3. Conditions for obtaining specifications and additional documents or descriptive document

Payable documents: no

IV.3.4. Time limit for receipt of tenders or requests to participate

8.11.2016 - 12:00

IV.3.5. Estimated date of dispatch of invitations to tender or to participate to selected candidates

IV.3.6. Languages in which tenders or requests to participate may be submitted

Other: Norwegian.

IV.3.7. Minimum time frame during which the tenderer must maintain the tender

until: 2.5.2017

IV.3.8. Conditions for opening of tenders

Date: 9.11.2016 - 9:00

Persons authorised to be present at the opening of tenders: no

Section VI: Complementary information

VI.1. Information about recurrence

This is a recurrent procurement: no

VI.2. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds: no

VI.3. Additional information

The Contracting Authority invites tenderers to a tender conference. The tender conference will be held in NAV's premises at Sannergata 2 in Oslo at the time/date mentioned in Part I Conditions of the competition point 1.12. Participants are asked to register at reception in Sannergata by 12:00 on the day.

For tenderers that wish to participate in the tender conference, we suggest that the tenderer has thoroughly reviewed the competition documents beforehand. If the tenderers have questions about the competition documents, please send these via email to the contact person stated in part I, point 1.10 prior to the tender conference. All questions and answers will be published on Doffin, but NAV will assess if some of these also shall be reviewed at the tender conference.

At the tender conference, NAV will primarily go through key parts of the competition documentation. Questions regarding assessment made during the preparation of the tender documents will not be answered or discussed.

Registration marked 'Tender conference Tender Offer 15/4619 c/o Mette Lilleby', with the name of the participant(s) and the company should be sent via email to the contact person provided in part I, point 1.10 within the deadline stated in part I, point 1.12. Only 2 representatives from each tenderer can be registered for the meeting due to space restrictions.

VI.4. Procedures for review

VI.4.1. Review body

VI.4.2. Review procedure

VI.4.3. Service from which information about the review procedure may be obtained

VI.5. Date of dispatch of this notice

26.9.2016
