General public services

Section II: Object

II.1. Scope of the procurement

II.1.1. Title

Framework agreements electro L and S

II.1.2. Main CPV code

51110000 Installation services of electrical equipment

II.1.3.

Type of contract

Services

II.1.4. Short description

The procurement will cover the contracting authority's need for services within electro L (electrical work on electrical installations in houses, schools, institutions, etc.), and/or electro S (fire alarms, burglary alarms, emergency lighting, and computer networks, etc.).

Birkenes Municipality would like to enter into a framework agreement for electro L and electro S. The start-up date for electro L for Birkenes Municipality will be when the contract is signed. The start-up date for electro S will be 01.04.2024.

Lillesand Municipality would like to enter into a framework agreement for electro L. The start-up date for electro L will be when the contract is signed.

II.1.5. Estimated total value

Value excluding VAT: 25 000 000,00 NOK

II.1.6. Information about lots

This contract is divided into lots: yes

Tenders may be submitted for all lots

The contracting authority reserves the right to award contracts combining the following lots or groups of lots:

A framework agreement for Lillesand Municipality will be signed with 1 tenderer that provides services for electro L

A framework agreement for Birkenes Municipality will be signed with 1 tenderer that provides services for both electro L and electro S.

II.2. Description

II.2.1. Title

Lillesand framework agreement electro L.

Lot No: 1

II.2.2. Additional CPV code(s)

45317000 Other electrical installation work, 45317300 Electrical installation work of electrical distribution apparatus, 50532400 Repair and maintenance services of electrical distribution equipment

II.2.3. Place of performance

NUTS code: NO092 Agder

Main site or place of performance: Lillesand.

II.2.4. Description of the procurement

Lillesand Municipality would like to enter into a framework agreement for electro L. The start-up date for electro L will be when the contract is signed.

The content of the procurement is the services described above and will include repairs, maintenance, and work on electrical installations and electrical equipment as stated in the brackets after each discipline. The work will also include material that is needed for the various operations where the procurement of material is regulated in Annex 9 of the framework agreement. The exception will be cases where the contracting authority itself obtains the products/material for the work, for example, equipment from its own store, or material through an existing framework agreement. The contract also comprises smaller supporting work and work that naturally falls under the discipline.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

Value excluding VAT: 17 500 000,00 NOK

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Duration in months: 48

This contract is subject to renewal: yes

Description of renewals:

The framework agreement will have a duration of 2 years, with an option to extend the contract one or more times for up to a further 2 years, to a total maximum of 4 years.

II.2.10. Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: no

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

The tender documentation is joint for both lots and can only be uploaded in the tender management system under lot 1: Lillesand Municipality.

II.2. Description

II.2.1. Title

Birkenes framework agreement electro L and S.
Lot No: 2

II.2.2. Additional CPV code(s)

45317000 Other electrical installation work, 45317300 Electrical installation work of electrical distribution apparatus, 50532400 Repair and maintenance services of electrical distribution equipment

II.2.3. Place of performance

NUTS code: NO092 Agder

Main site or place of performance: Birkenes Municipality

II.2.4. Description of the procurement

The content of the procurement is the services described above and will include repairs, maintenance, and work on electrical installations and electrical equipment as stated in the brackets after each discipline. The work will also include material that is needed for the various operations where the procurement of material is regulated in Annex 9 of the framework agreement. The exception will be cases where the contracting authority itself obtains the products/material for the work, for example, equipment from its own store, or material through an existing framework agreement. The contract also comprises smaller supporting work and work that naturally falls under the discipline.

II.2.5.

Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

Value excluding VAT: 7 500 000,00 NOK

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Duration in months: 48

This contract is subject to renewal: yes

Description of renewals:

The framework agreement will have a duration of 2 years, with an option to extend the contract one or more times for up to a further 2 years, to a total maximum of 4 years. Electro S Birkenes will have the same end date as the framework agreement for electro L Birkenes, even if it has a later start-up date.

II.2.10. Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: no

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds: no

II.2.14. Additional information

The tender documentation is joint for both lots and can only be uploaded in the tender management system under lot 1: Lillesand Municipality.

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.2. Economic and financial standing

List and brief description of selection criteria:

Tenderers must have sufficient economic and financial capacity to fulfil the contract.

The required capacity will be assessed in relation to the contract's value, services, risk and length.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

Tenderers must have sufficient capacity and competence at their disposal for the implementation to carry out assignments under the contract:

- A description of the tenderer's qualified personnel that can be used to fulfil the contract, including an overview of personnel with a certificate of apprenticeship within relevant disciplines.

Tenderers must have good experience from the implementation of equivalent/comparable assignments for the discipline(s) the tenderer is being submitted for:

A list with an overview and description of the tenderer's 5 most relevant assignments in the last 3 years.

The list/description must, as a minimum, contain:

- Name of customer/recipient

- Scope of the assignment
- The assignment's value
- Delivery dates
- A short description of the delivery and the tenderer's role in the delivery

Use annex 5 - Reference Form

Tenderers must have good routines for quality management and HSE:

The documentation must be provided in one of the following ways:

Alternative 1: A description of the company's routines, with emphasis on quality assurance, resource management, management responsibility, and HSE.

Alternative 2: If tenderers have an ISO 9001:2000 certificate or equivalent, this will be sufficient to document fulfilment of the requirement.

Tenderers must have the necessary qualifications equivalent to those required for central certification in development class 2 in the function area 'executing' within the discipline being offered.

- Documentation of central certification in development class 2 for relevant disciplines.
- Alternative documentation demonstrating that the company has the necessary and relevant professional qualifications to implement measures such as 'executing', equivalent to development class 2 in the relevant discipline.
