I.6. Main activity

Electricity

Section II: Object

II.1. Scope of the procurement

II.1.1. Title

GWM-7200 — Offshore renewable energy marine services Framework.

Reference number: GWM-7200

II.1.2. Main CPV code

71332000 Geotechnical engineering services

II.1.3. Type of contract

Services

II.1.4. Short description

Provision of renewable energy marine services related to offshore wind farms acquired, developed or built during the term of the Framework, including Joint Venture or subsidiary developments. ESB plans to develop or acquire the offshore wind farms commencing in 2018, through a pipeline of projects which are currently going through the consenting process. The size of individual projects is expected to range between 200 MW and 500 MW, although some projects could be larger. The location of these initial offshore wind farms is expected to be in the Irish sea. Further information is set out in the Pre-Qualification documentation.

II.1.5. Estimated total value

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.2. Additional CPV code(s)

71241000 Feasibility study, advisory service, analysis, 71335000 Engineering studies, 71336000 Engineering support services

II.2.3. Place of performance

NUTS code: UK United Kingdom

NUTS code: IE Éire / Ireland

Main site or place of performance: Seas around Ireland and the U.K.

II.2.4. Description of the procurement

This procurement competition is to establish a framework agreement. ESB is now seeking expressions of interest for the provision of renewable energy marine services related to offshore wind farms acquired, developed or built during the term of the Framework, including Joint Venture or subsidiary developments. ESB plans to develop or acquire the offshore wind farms commencing in 2018, through a pipeline of projects which are currently going through the consenting process. The size of individual projects is expected to range between 200 MW and 500 MW, although some projects could be larger. The location of these initial offshore wind farms is expected to be in the Irish sea. The high level scope of services includes but is not limited to the following:

- Offshore geophysical surveys;
- Geotechnical investigation and sampling;
- Marine Archaeological Survey;
- Source and Deploy Floating Lidar Wind Measurement Buoy;
- Desktop UXO risk assessment and report;
- Site characterisation assessment;
- Ground model development;
- Complete factual and interpretive reporting;
- Risk assessments and method statements development.

Some post construction services during the Wind Farm operational phase may also be included in the scope of this framework. Further information is set out in the Pre-Qualification documentation.

II.2.5.

Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Duration in months: 96

This contract is subject to renewal: no

II.2.9. Information about the limits on the number of candidates to be invited

Envisaged number of candidates: 6 Objective criteria for choosing the limited number of candidates:

As stated in Pre-Qualification Information memorandum available on request from www.etenders.gov.ie using RFT ID 123150.

II.2.10. Information about variants

Variants will be accepted: yes

II.2.11. Information about options

Options: no

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds: no

II.2.14. Additional information

ESB is pursuing a number of potential sites with a view to developing up to 1 000 MW of offshore wind farm projects, and the scope of this framework includes offshore sites around Ireland and the U.K. The total MW developed could exceed 1 000 MW if additional viable projects are identified. The Framework term will be 3 year initial term, with the option to extend a further 5 years.

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

As stated in Pre-Qualification Information memorandum available on request from www.etenders.gov.ie using RFT ID 123150.

III.1.2. Economic and financial standing

Selection criteria as stated in the procurement documents

III.1.3. Technical and professional ability

Selection criteria as stated in the procurement documents

III.1.4. Objective rules and criteria for participation

List and brief description of rules and criteria:

As stated in Pre-Qualification Information memorandum available on request from www.etenders.gov.ie using RFT ID 123150.

III.1.6. Deposits and guarantees required

As stated in Pre-Qualification Information memorandum available on request from www.etenders.gov.ie using RFT ID 123150.

III.1.7. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

As stated in Pre-Qualification Information memorandum available on request from www.etenders.gov.ie using RFT ID 123150.

III.1.8. Legal form to be taken by the group of economic operators to whom the contract is to be awarded

As stated in Pre-Qualification Information memorandum available on request from www.etenders.gov.ie using RFT ID 123150.

III.2. Conditions related to the contract

III.2.2. Contract performance conditions

As stated in Pre-Qualification Information memorandum available on request from www.etenders.gov.ie using RFT ID 123150.

III.2.3. Information about staff responsible for the performance of the contract

Obligation to indicate the names and professional qualifications of the staff assigned to performing the contract

Section IV: Procedure

IV.1. Description

IV.1.1. Type of procedure

Negotiated procedure with prior call for competition

IV.1.3. Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

Framework agreement with several operators Envisaged maximum number of participants to the framework agreement: 3

IV.1.4. Information about reduction of the number of solutions or tenders during negotiation or dialogue

Recourse to staged procedure to gradually reduce the number of solutions to be discussed or tenders to be negotiated

IV.1.8. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes

IV.2. Administrative information

IV.2.2. Time limit for receipt of tenders or requests to participate

Date: 29/09/2017 Local time: 15:00

IV.2.3. Estimated date of dispatch of invitations to tender or to participate to selected candidates

IV.2.4. Languages in which tenders or requests to participate may be submitted

English

Section VI: Complementary information

VI.1. Information about recurrence

This is a recurrent procurement: no

VI.2. Information about electronic workflows

Electronic ordering will be used

Electronic invoicing will be accepted

Electronic payment will be used
