---

#### **III.1. Conditions for participation**

##### **III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers**

List and brief description of conditions:

Not Applicable

##### **III.1.2. Economic and financial standing**

List and brief description of selection criteria:

List and brief description of selection criteria:

This section refers to Section B of Part IV of the ESPD (Scotland) and covers questions 4B.2-6 of the ESPD (Scotland).

Minimum level(s) of standards required:

4B.1.1: Bidders will be required to have a minimum "specific" yearly turnover of 350 000 GBP for the last two years.

In the event that the Bidder does not comply with this requirement, they will not be considered any further in this tendering exercise.

As evidence for the ESPD (Scotland) question 4B.1.1, the Procurement Officer may ask for annual accounts from the bidder.

4B.3: Where turnover information is not available for the time period requested, the bidder will be required to state the date which they were set up/started trading, a parent company guarantee may be requested.

4B.4: Bidders must demonstrate a Current Ratio of greater than 0.9

Current Ratio will be calculated as follows: net current assets divided by net current liabilities.

There must be no qualification or contra-indication from any evidence provided in support of the bidders economic and financial standing.

4B.5: It is a requirement of this contract that bidders hold or can commit to obtain prior to the commencement of any subsequently awarded contract, the types of insurance indicated below:

Employers (Compulsory) Liability Insurance = 5 000 000 GBP

Public Liability Insurance = 5 000 000 GBP

Professional indemnity Insurance = 5 000 000 GBP

##### **III.1.3. Technical and professional ability**

List and brief description of selection criteria:

List and brief description of selection criteria:

Details of technical facilities, measures for ensuring quality and quality management procedures.

Minimum level(s) of standards required:

4C.1.2: Bidders will be required to provide examples that demonstrate that they have the relevant experience to deliver the services/supplies as described in the Contract Notice or the relevant section of the site notice.

4C.2: Bidders will be required to provide details of the technicians or technical bodies the bidder can call upon, especially those responsible for quality control in relation to this procurement exercise.

4C.3: Bidders are required to provide a statement of the relevant supply chain management and/or tracking systems used.

4C.4: Pass/Fail - If the bidder does not provide permission to undertake checks by the public body or any competent official body from their country, to be conducted on the production capacities or the technical capacity of the bidder and, where necessary, on the means of study and research which are available to it and on the quality control measures they may not be considered further.

4C.5: Bidders will be required to confirm that they will employ environmental management measures which the bidder will be able to use when performing the contract.

4C.6: Bidders should provide details of relevant tools, plant or technical equipment available to you in relation to this procurement exercise.

4C.7: Bidders will be required to confirm that whether they intend to subcontract and if so, for what proportion of the contract.

Quality Management Procedures

1. The bidder must hold a UKAS (or equivalent) accredited independent third party certificate of compliance in accordance with BS EN ISO 9001 (or equivalent).

OR

2. The bidder must have the following:

A documented policy regarding quality management. The policy must set out the responsibilities for quality management demonstrating that the bidder has and continues to implement a quality management policy that is authorised by their Chief Executive, or equivalent, and is periodically reviewed at a senior management level. The policy must be relevant to the nature and scale of the work to be undertaken and set out responsibilities for quality management throughout the organisation.
