VI.3. Procedures for review

VI.3.1.

Review body

VI.3.2. Review procedure

Precise information on deadline(s) for review procedures: Sandwell MBC incorporated a standstill period at the point of communicating the evaluation outcome to tenderers. That notification provided full information on the award decision. The standstill period, which was for a minimum of 10 calendar days, provided time for unsuccessful tenderers to challenge the award decision before the contract was entered into.

The Public Contracts Regulations 2006 (SI 2006 No 5 provide for aggrieved parties who have been harmed or are at risk of harm by a breach of the rules to take action in the High Court (England, Wales and Northern Ireland). No challenges were received and so the Council entered into executing award of the framework agreement.

VI.3.3. Service from which information about the review procedure may be obtained
