---

**Section II: Object**

**II.1. Scope of the procurement**

**II.1.1. Title**

Cleaning, plastic and paper products - framework agreement

Reference number: 23/21083

**II.1.2. Main CPV code**

39830000 Cleaning products

**II.1.3. Type of contract**

Supplies

#### **II.1.4. Short description**

The procurement concerns a framework agreement for cleaning, plastic and paper products. Exceptions from the framework agreement are

- companies that have such a small need that the number of products in the smallest sales packaging is too large to purchase.
- cleaning products under operational contracts for cleaning the municipality's buildings. Cleaning of 50% or approx. 170,000 m<sup>2</sup> of the municipality's buildings are cleaned under separate operational contracts.
- cleaning chemicals for Drammensbadet KF. Drammensbadet KF has a separate agreement for cleaning chemicals and protective equipment.

Due to staff holidays, questions about the tender documentation will not be answered during the month of July 2023.

#### **II.1.5. Estimated total value**

Value excluding VAT: 46 000 000,00 NOK

#### **II.1.6. Information about lots**

This contract is divided into lots: no

### **II.2. Description**

#### **II.2.2. Additional CPV code(s)**

19520000 Plastic products, 19640000 Polythene waste and refuse sacks and bags, 33741100 Hand cleaner, 33760000 Toilet paper, handkerchiefs, hand towels and serviettes, 33761000 Toilet paper, 39224300 Brooms and brushes and other articles for household cleaning, 39525800 Cleaning cloths, 39800000 Cleaning and polishing products, 39831000 Washing preparations, 39831240 Cleaning compounds, 39832000 Dishwashing products

#### **II.2.3. Place of performance**

NUTS code: NO082 Viken

#### **II.2.4. Description of the procurement**

Background

Drammen Municipality's ambitions regarding the change to green living.

Drammen has ambitions to be Norway's greenest municipality - a circular and climate robust low emission society where it is natural to choose to be environmentally friendly. Measures will be started connected to reduced consumption, increased reuse, and recycling. The impact on the environment will be reduced through the use of products with environmental labels, less waste, and environmentally friendly goods deliveries.

The products under this framework agreement are consumables that impact the environment in the form of , amongst other things, a lot of transport and waste. Drammen Municipality would therefore like to cooperate with a tenderer that focuses on reducing the impact on the climate and environment caused by the procurement.

The regional project - goods logistics in the E18 West Corridor.

Drammen Municipality participates in the regional project - goods logistics in the E18 West Corridor. The aim of the project is to test and develop innovative and sustainable solutions for goods logistics along the E18 West Corridor. The solutions will also contribute to national climate goals being reached, and will reduce transport costs through better use of capacity, more use of ICT, and the development of new logistics systems.

The VIV project is a cooperation project between Asker, Bærum, Drammen, and Oslo Municipalities, as well as the Norwegian Public Roads Administration and Viken County.

The contracting authority would like to cooperate with a tenderer in order to find solutions that reduce the number of goods transportations in the municipality.

#### **II.2.5. Award criteria**

Price is not the only award criterion and all criteria are stated only in the procurement documents

#### **II.2.6. Estimated value**

Value excluding VAT: 46 000 000,00 NOK

#### **II.2.7. Duration of the contract, framework agreement or dynamic purchasing system**

Duration in months: 48

This contract is subject to renewal: no

#### **II.2.10. Information about variants**

Variants will be accepted: no

#### **II.2.11. Information about options**

Options: yes

Description of options:

The contracting authority has a unilateral right to extend the contract for 1 + 1 year.

#### **II.2.13. Information about European Union funds**

The procurement is related to a project and/or programme financed by European Union funds: no

#### **II.2.14. Additional information**

### **Section III: Legal, economic, financial and technical information**

---

#### **III.1. Conditions for participation**

##### **III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers**

List and brief description of conditions:

Tenderers must be registered in a company register or trade register in the member state where the tenderer is established. As described in annex XI of directive 2014/24/EU; tenderers from certain member countries can be required to fulfil other requirements in the mentioned annex.

I. Enrolment in a trade register (Regulations Regarding Public Procurement FOR-2016-08-12-974 § 16-2 (1))

It is enrolled in trade registers kept in the Member State of its establishment as described in Annex XI of Directive 2014/24/EU; economic operators from certain Member States may have to comply with other requirements set out in that Annex.

1. Company registration certificate

Issued by: the Brønnøysund Register Centre

##### **III.1.2. Economic and financial standing**

List and brief description of selection criteria:

REQUIREMENT: Tenderers must have sufficient economic and financial capacity to fulfil the contract. This is complied with by the tenderer being credit worthy without requirement for guarantee, with a minimum credit score of A in accordance with an assessment made in

CreditPro by the credit information agency Bisnode AS. DOCUMENTATION REQUIREMENT:

The contracting authority will obtain a credit report from Bisnode CreditPro. The report contains, amongst other things, the auditor's report, negative payment remarks, accounts and credit rating history, and must be based on the last known accounting figures from Bisnode. For companies that have not been assessed for credit in Bisnode CreditPro (this applies to foundations etc.), approved accounting figures must show corresponding creditworthiness and economic implementation ability. Any other document that the contracting authority deems suitable.

### **III.1.3. Technical and professional ability**

List and brief description of selection criteria:

The tenderer must have good experience from comparable assignments. Documentation requirement: The tenderer's must have experience from comparable assignments during the last three years. The description must include a statement of the assignment value, dates and recipients (name, telephone number and e-mail address). It is the tenderer's responsibility to confirm relevance through the description.

Tenderers must be certified for environmental management, in the form of EMAS, ISO 14001, or Miljøfyrtårn [Eco-lighthouse]. Other certificates issued by bodies in other EEA countries can also be presented, provided that the tenderer can document that these are equivalent to EMAS or ISO 14001. The contracting authority will accept other documentation of equivalent environmental management measures if the tenderer does not have the possibility to obtain such certificates by the deadline and this is not the tenderer's fault. This requires that the tenderer documents that these measures are equivalent to the requested quality assurance standards or environmental management systems or standards.
