2.1. Procedure

Title: Intention notice - Migration to and operation of Sensio 365 with the accompanying maintenance, support and procurement of compatible welfare technological equipment.

Description: Ringerike municipality intends to enter into a contract with Atea AS for migration of the Sensio platform to Sensio 365, operation of the platform with the accompanying maintenance, support and purchase of welfare technological equipment that is compatible with the current equipment. The framework agreement's length for the procurement of technological welfare equipment is a total of four (4) years, with an option for an annual extension on the same terms, 1+1 year. The maximum duration of the framework agreement is six - 6 - years. The estimated annual value of the framework agreement is NOK 15,000,000 excluding VAT. The total estimated value for the entire contract period including options is NOK 60,000,000 excluding VAT. The maximum value is NOK 100,000,000 excluding VAT. Migration to and further operation of Sensio 365 is regulated by SSA-L and is an ongoing contract. The contracting authority has considered the procurement to be a sole supplier situation in accordance with the Public Procurement Regulations §13-4 first section, letter b no. 2.

6. Results

Direct award

:

Justification for direct award: The contract can be provided only by a particular economic operator because of exclusive rights, including intellectual property rights

Other justification: The contracting authority intends to enter into a contract with Atea AS in accordance with the Public Procurement Regulations §13-4 first section, letter b no. 2. The contract is for migration to and operation of Sensio 365 with the accompanying maintenance, support and procurement of compatible welfare technological equipment. The Contracting Authority estimates that only this supplier can deliver the total service with an equivalent

system for migration to Sensio 365, operation, support and purchase of associated and necessary welfare technology that is compatible with equipment and integration with EPJ and the Health Guard that the municipality currently has. Further details can be seen in the attached document.
