Ministry or any other national or federal authority, including their regional or local subdivisions

I.5. Main activity

General public services

Section II: Object

II.1. Scope of the procurement

II.1.1. Title

Unmanned Aerial System (UAS) icebreaker Atle

Reference number: 23-03078

II.1.2. Main CPV code

35613000 Unmanned aerial vehicles

II.1.3. Type of contract

Supplies

II.1.4. Short description

A complete stand alone UAS with associated equipment and support such as e.g. sensors, radio link, training and service, for ice reconnaissance from icebreakers.

Object of the procurement

A complete stand alone UAS with associated equipment and support such as e.g. sensors, radio link, training and service, for ice reconnaissance from icebreakers.

The supplier must be able to deliver a complete UAS (unmanned aerial system), (air-vehicle), ground segment including control station, link system, service and additional exchange units and spare parts) and training of personnel.

The UAS must be well proven and have sensors that enable ice reconnaissance in winter conditions and use frequency bands and output power that enable flight at the distances specified below. The procurement must include functional testing and necessary training.

The procurement consists of one UAS with the option of buying one additional system at a later stage.

II.1.5. Estimated total value

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.2. Additional CPV code(s)

30230000 Computer-related equipment, 35125100 Sensors, 35613000 Unmanned aerial vehicles, 35722000 Radar, 38500000 Checking and testing apparatus, 38651600 Digital cameras

II.2.3. Place of performance

NUTS code: SE Sverige

II.2.4. Description of the procurement

A complete stand alone UAS with associated equipment and support such as e.g. sensors, radio link, training and service, for ice reconnaissance from icebreakers.
