## **Section III: Legal, economic, financial and technical information**

---

### **III.1. Conditions related to the contract**

#### **III.1.1. Deposits and guarantees required**

#### **III.1.2. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them**

#### **III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded**

#### **III.1.4. Contract performance conditions**

The performance of the contract is subject to particular conditions: no

### **III.2. Conditions for participation**

#### **III.2.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers**

List and brief description of conditions: Information and documentation necessary to evaluate if the requirements are met:

Requirement:

Tenderers are required to have a legally established company.

Documentation:

Norwegian companies: Company Registration Certificate from the Brønnøysund Register Centre.

Foreign companies: Registration certificate in a professional register as determined by legislation in the country where the tenderer is established.

Requirement:

Tenderers must not have significant tax and VAT arrears or an approved repayment plan shall be in existence.

Documentation:

Norwegian companies: Tax and VAT certificate. The certificate can be ordered and obtained from Altinn. If this is not possible, it can be ordered from the tax collector or the Norwegian Tax Administration.

Foreign companies: Certificate issued by the competent authority in the tenderer's home country certifying that the tenderer has fulfilled his obligations regarding taxes and fees in accordance with the laws of the country where the tenderer is established.

#### **III.2.2. Economic and financial ability**

List and brief description of conditions: Information and documentation necessary to evaluate if the requirements are met:

Documentation:

As documentation, the contracting authority will obtain a credit rating from Experian (the contracting authority subscribes to services from Experian).

The tenderer is expected to have familiarised himself with the registered information about the company and by submission of the tender accepts that the information will be obtained and form the basis of the assessment of the tenderer's financial situation.

When submitting a tender, the tenderer can enclose a credit assessment from a certified credit rating company showing that the tenderer fulfils the requirement in column A. The credit assessment shall be based on the last available accounting figures.

If for valid reasons a tenderer is unable to submit the documentation as requested by the contracting authority, the tenderer may prove his economic and financial standing with any other document that the contracting authority is able to accept.

Minimum level(s) of standards possibly required: The tenderer shall have settled financial conditions and the financial capacity to fulfil the contract. Tenderers must at a minimum achieve a rating of credit worthy and have a minimum of 25 000 000 NOK in turnover in the last available fiscal year.

### **III.2.3. Technical and professional ability**

List and brief description of conditions:

Information on the education and professional qualifications of the persons who will be responsible for the fulfilment of the contract, i.e. project manager/construction manager:

1. Education
2. Work experience
3. Project experience, including:
  - The assignment (brief description)
  - The contract value excluding VAT.
  - Size/number of m<sup>2</sup>
  - Date (year) of the assignment
  - Contracting authority
  - Role in the project

Experience:

This shall be documented by presenting a list of the most important relevant assignments for the last five years, including specific information on:

- The contractor role
- The assignment (brief description)
- The contract value excluding VAT.
- Size/number of m<sup>2</sup>
- Date (year) of the assignment
- Contracting Authority

Based on the list, the tenderer shall state names and e-mail addresses of contact persons for the three most relevant assignments. The references will only be contacted if required.

Quality assurance system:

As documentation the tenderer shall enclose certificates for the company's quality assurance system/quality management system issued by independent bodies that confirm that the tenderer meets approved quality assurance standards such as ISO 9001:2008 or the equivalent.

The Contracting Authority also accepts other documentation that demonstrates that the tenderer has a well functioning system for ensuring quality customised to the nature and scope of the assignment. As a minimum, the tenderer must present a general description of the contents of the system including an overview of control plans and check-lists that are relevant for this assignment.

Minimum level(s) of standards possibly required:

Competence requirement:

Tenderers shall have good competence with the implementation of relevant execution contracts.

Requirements for experience:

Tenderers shall have experience as executing contractors from at least three relevant assignments in the last 5 years for buildings/facilities of a comparable size and complexity.

Requirements of quality system:

The Contracting Authority requires tenderers to have a well-functioning system for ensuring quality customised to the assignment's nature and scope.

#### **III.2.4. Information about reserved contracts**

#### **III.3. Conditions specific to services contracts**

##### **III.3.1. Information about a particular profession**

Execution of the service is reserved to a particular profession: no

##### **III.3.2. Information about staff responsible for the performance of the contract**

Obligation to indicate the names and professional qualifications of the staff assigned to performing the contract: no

### **Section IV: Procedure**

---

#### **IV.1. Type of procedure**

##### **IV.1.1. Type of procedure**
