II.1. Scope of the procurement

II.1.1. Title

Broadband development in Agder

Reference number: 500

II.1.2. Main CPV code

72318000 Data transmission services

II.1.3. Type of contract

Services

II.1.4. Short description

The contracting authority for the contest is Agder County and 13 municipalities in the Agder region, hereafter called the contracting authority/customer. The contracting authority is represented by Agder County in this contest.

The municipalities in Agder have spent many years working on developing a future orientated and robust broadband. Most of the work has been channelised through the project Det Digitale Agder [The Digital Agder]. As a result of the contract from 2007 on 'right of digital public access', there has been a large development of infrastructure. This was a temporary contract, and there were low requirements for speed, when seen in relation to current expectations. In 2022, the project Det Digitale Agder (the Digital Agder), together with several municipalities, have prepared proposals for development projects, which qualify for state support schemes. This notice covers 24 projects. Address lists and a map are attached as separate annexes under 'external documents'.

II.1.5. Estimated total value

Value excluding VAT: 30 000 000,00 NOK

II.1.6. Information about lots

This contract is divided into lots: no
