2. Procedure

2.1. Procedure

Title: Tender for contract regarding the supply, delivery and installation of two (2) high volume air samplers for airborne nuclide measurement and nuclear surveillance, including sustainment services.

Description: Tender for contract regarding the supply, delivery and installation of two (2) high volume air samplers for airborne nuclide measurement and nuclear surveillance, including sustainment services. The contract consists of an Acquisition Contract (AC), governing the supply, delivery and installation of the two (2) air samplers, and a Sustainment Contract (SC), governing the provision of Standard Services and Ad Hoc Tasks to ensure the continuous operation of the air samplers over a 10-year period. Installation and service of each air sampler shall be carried out at the addresses specified under "Place of Performance".

Procedure identifier: 63b1f18d-2834-4d2c-a774-2bd38f737da0

Internal identifier: 4039388

Type of procedure: Open

The procedure is accelerated: no

Main features of the procedure: As part of its offer, the tenderer must submit the European Single Procurement Document (ESPD). Please note that a tenderer may rely on the capacity of other entities (e.g. a parent or sister company or a subcontractor), irrespective of the legal nature of the relations between the tenderer and the entity or entities on which the tenderer relies. In this case, the tenderer must ensure that an ESPD from the entity or entities on which the tenderer relies is submitted along with the tenderer's own ESPD. The ESPD of the entity or entities in question must include equivalent information. A tenderer may only submit one offer. The tenderer and, if relevant, the participants in the group of entities and/or entities on which the tenderer relies, must use the ESPD, see section 148 of the Danish Public Procurement Act, as preliminary evidence that the participants are not subject to any of the mandatory exclusion grounds set out in sections 135 and 136 of the Danish Public Procurement Act, or the exclusion grounds set out in section 137(1) no. 2 of the Danish Public Procurement Act, and that the tenderer fulfils the suitability requirements. It is not necessary for the tenderer to sign the ESPD document. If the tenderer is a group of entities (consortiums), the participants not submitting the offer must sign their ESPD document. Any entities relied on must also sign

the ESPD. The candidate and, if relevant, the participants in the group of entities and/or entities on which the candidate relies, must use the ESPD, see section 148 of the Danish Public Procurement Act, as preliminary evidence that the participants are not subject to any of the mandatory exclusion grounds set out in sections 135 and 136 of the Danish Public Procurement Act, or the exclusion grounds set out in section 137(1) no. 2 of the Danish Public Procurement Act, and that the candidate fulfils the suitability requirements and the selection criteria. It is not necessary for the candidate to sign the ESPD document. If the candidate is a group of entities (consortiums), the participants not submitting the request to participate must sign their ESPD document. Any entities relied on must also sign the ESPD. If a tenderer relies on the capacity of other entities, the candidate shall upon request provide statements of support or other documentation proving that the candidate has access to the necessary economic and financial standing and/or technical and professional capacity, and that the entity referred to has a legal obligation to the candidate. If such documentation is not provided, DALO cannot take into account the economic and financial standing and/or the technical and professional capacity of such entity or entities. DALO has prepared a template (available in the electronic tender system) to be used to confirm the legal obligation.
