Value excluding VAT: 2 500 000,00 NOK

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Duration in months: 24

This contract is subject to renewal: yes

Description of renewals:

The contract has an option for a 1 year extension, up to maximum 4 years.

II.2.9. Information about the limits on the number of candidates to be invited

Envisaged number of candidates: 5 Objective criteria for choosing the limited number of candidates:

5 tenderers will be invited to submit a tender, provided that there are a sufficient number of qualified tenderers. The following selection criteria will be used: The tenderer's relevant professional expertise, experience from comparable assignments, and economic and financial capacity. See the tender documentation for more detailed information.

II.2.10. Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: yes

Description of options:

The contract has an option for a 1 year extension, up to maximum 4 years.

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds: no

II.2.14. Additional information

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

Tenderers must be registered in a company register, professional register or a trade register in the country where the tenderer is established.

Documentation requirement:

Norwegian companies: Company registration certificate

Foreign tenderers: Verification that the tenderer is registered in a company register, professional register or a trade register in the country where the tenderer is established.

III.1.2. Economic and financial standing

List and brief description of selection criteria:

Tenderers must have an economic and financial standing that makes it able to fulfil its contractual obligations throughout the entire contractual period.

Minimum level(s) of standards possibly required:

Creditworthiness with no requirement for guarantees will be sufficient to meet the requirement.

Documentation requirement:

- A credit rating based on the most recent financial figures. The rating must be carried out by a credit rating agency with a licence to provide such service.

If deemed necessary, the contracting authority will obtain a credit assessment, from a credit information agency with a license to provide such services. This will be a supplement to the documentation given in the tender. If a tenderer has valid reasons for not being able to provide the documentation requested by the contracting authority, the tenderer can document his economic and financial capacity by presenting other documents considered suitable by the contracting authority.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

1. Tenderers must have relevant professional competence within the procurement's scope.
2. Tenderers must have experience from comparable assignments.
3. Tenderers must have a good and well-functioning quality assurance and quality management system for the products that are to be delivered.
4. Tenderers must have an environmental management system.

Minimum level(s) of standards possibly required:

Documentation requirement:

1. The requirement must be documented by attaching information on the education and professional qualifications (cf. annex B) of dedicated personnel for the contract (contact person /product manager). The contact person must be able to communicate in Norwegian/Danish /Swedish (possibly English) with the contracting authority. The documentation ought to include: Knowledge of the market, relevant experience from product development, experience from holding courses/user training, knowledge of relevant narcotics and the way they work, knowledge of the product, including function, practical use, interpretations of the result, limitations, cross reactions.

2. A description of the tenderer's up to 3 most relevant/comparable assignments in the last 3 years. (The description must be given in Annex B).

At least 1 reference assignment is to be stated, and this ought to be from the largest customers according to turnover in the previous 3 years. Relevant assignments means deliveries to customers who use a multi-test for detecting narcotics for the same purpose as the police, the Norwegian Correctional Services, customs, etc. The description must include a

statement of the assignment value, dates and recipients (name, telephone number and e-mail address). It is the tenderer's responsibility to confirm relevance through the description.

3. Tenderers must submit documentation of their quality assurance and management system. The following documentation will be accepted:

Certificate of the company's quality system/management system, issued by independent bodies that confirm that the tenderer fulfils quality assurance standards in accordance with ISO 9001 or equivalent,

or a description that as a minimum comprises procedures/routines for: Management of nonconformity and complaints, approval of the sub-suppliers, process from receipt and registration of orders until delivery to the customer has occurred.

4. Tenderers must present documentation of their environmental management system. The following documentation will be accepted: Valid attestation/certificates issued by independent bodies (e.g. ISO 14001, EMAS, Eco-Lighthouse or equivalent), or a description of the tenderer's own environmental management system. The description must as a minimum include an environmental policy and environmental goals.
