#### **Duration of the framework agreement**

Duration in years: 4

#### **II.1.5. Short description of the contract or purchase(s)**

NRK is in a phase with some major changes in relation to moving of programming and production premises.

Based on the changes to come, we see a need for both external project management and video and audio planning in relation to the development and building of both major and minor production facilities for both radio and TV. The objective of the framework agreement is to ensure access to competent expertise in the categories included in the agreement. Close and good collaboration with NRK's internal resources on the development areas is essential. It must therefore be expected that parts of the work must be carried out in NRK's premises at Marienlyst.
