Reference number: REN-2022-01

II.1.2. Main CPV code

60630000 Cable-laying ship services

II.1.3. Type of contract

Services

II.1.4. Short description

This request for proposal is for the purchase a frame agreement for maritime contingency services for subsea cables for Norwegian grid companies at the coastal waters of Norway. The Customer shall, on behalf of the member grid companies along the coast of Norway negotiate a contract for the delivery of 1. and 2. line of maritime contingency services regarding fault finding and identification on subsea cables, support of repairs of subsea cable on board on vessel, laying of replacement and new subsea cables, and regularly inspection of existing subsea cables at given intervals.

The contract shall also cover the companies demand for new subsea cable installations.

The estimated value of the contract is with a maximum of 500 million NOK. However, due to the nature of contingency and the lack of complete statistics of failure rates for existing installations, the estimated value is based on a best guess only.

II.1.5. Estimated total value

Value excluding VAT: 500 000 000,00 NOK

II.1.6. Information about lots
