Section II: Object

II.1. Scope of the procurement

II.1.1. Title

Invitation to Tender for Mobile Data and Voice Solutions

Reference number: DN425315

II.1.2. Main CPV code

32400000 Networks

II.1.3. Type of contract

II.1.4. Short description

Yarlington Housing Group is seeking a service provider with the appropriate knowledge, experience and competitive pricing to provide mobile voice and data services for a period of 24 months. Yarlington seek a service provider that will support our aim to streamline the current provision of mobile services and enable our workforce to take advantage of developments in mobile technology.

II.1.5. Estimated total value

Value excluding VAT: 144 000,00 GBP

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.3. Place of performance

NUTS code: UKK South West (England)

II.2.4. Description of the procurement

Yarlington currently has 644 connections with 1 supplier, of which there are around:

- 359 smart phones with voice and data,
- 25 voice only connections using basic smart phones,
- 2 SIMs with SMS only with unlimited text bundles,
- 258 data only connections using Samsung Galaxy Tab A devices,
- 125 smart phones are Samsung Galaxy S4's and are now over 5 years' old,
- current usage data is available and included in the tender documents.

Being in a rural location, there are issues with data coverage. Yarlington use a semi-dynamic scheduling solution for dispatching work to field based operatives/repairs team. Once the operative has completed their current visit, they have to request the next job from TotalMobile, which will have been scheduled to them. If the operative has no data coverage, they cannot request the next job/visit, meaning a delay in work being sent out and an increase in non-productive time. A list of postcodes has also been included in the tender documents.

With the above in mind we seek a service provider with the appropriate knowledge, experience and competitive pricing to provide mobile voice and data services for a period of 24 months. We seek a provider that will support our aim to streamline the current provision of mobile services and enable our workforce to take advantage of developments in mobile technology. More details of our requirements and expectations are detailed in our tender documents.
