This contract is divided into lots: no

### **II.2. Description**

#### **II.2.2. Additional CPV code(s)**

45111000 Demolition, site preparation and clearance work, 45111211 Blasting work, 45111230 Ground-stabilisation work, 45113000 Siteworks, 45210000 Building construction work, 45213000 Construction work for commercial buildings, warehouses and industrial buildings, buildings relating to transport, 45231300 Construction work for water and sewage pipelines, 45233000 Construction, foundation and surface works for highways, roads, 45233200 Various surface works, 45236000 Flatwork, 45262200 Foundation work and water-well drilling, 45262300 Concrete work, 45331000 Heating, ventilation and air-conditioning installation work

#### **II.2.3. Place of performance**

NUTS code: NO060 Trøndelag

Main site or place of performance: Saksvik.

#### **II.2.4. Description of the procurement**

Malvik Municipality will demolish the existing sewage treatment plant in Saksvik and construct a new plant on the same site, Rønningsvegen 31. Some preparatory work for this must be carried out in 2021. At the same time, a new sewage pump station will be established at Vikhammer, as well as temporary cleaning in Saksvik. The preparatory work must be coordinated with these other contracts. When all of this is in place, the demolition of the existing building, ground work, and construction work for the new sewage treatment plant will start.

The project will be carried out with divided contracts, with start up at different dates throughout the construction period of approx. 2.5 years. The provisional plan for execution of the different work is shown in the table below.

Contract division Estimated execution

E1 Preparatory Work 2021-2022;

E2 Vikhammerfjæra APS 2022;

E3 Machinery Contract 2023;

E4 Construction Contract 2022-2023;

E5 Electro Contract 2022-2023;

E6 Temporary Purification 2021-2023;

E7 Automation 2023.

A contract will be signed in accordance with NS8405 for the construction contract.

The following work is included in this contract (E4):

- demolition of the existing treatment plant;
- ground reinforcement by cement lime stabilisation in order to secure the site excavation;
- establishment of temporary sheet piling towards the east and south in order to secure the excavation;
- piling work for the foundations of the new treatment plant;

- construction work for the new treatment plant, consisting of a process plant and personnel part, with the accompanying work in the ground. The building has a pool construction in waterproof concrete for the cleaning process;
- HVAC and sanitary installations for the process plant and personnel part, including a heat plant for background heating;
- background heating wells with background heating pipes (approx. 10);
- water borne snow melting installations (approx. 200 m<sup>2</sup>);
- relaying water and sewage pipelines and connecting water and sewage to the new treatment plant;
- upgrading Rønningsvegen, developing the access and driving areas, approx. 300 metres;
- replacing water, sewage, and surface water pipelines along Rønningsvegen;
- electrical cables for street lights and conduits for fibre along Rønningsvegen;
- developing the site and green areas;
- removal of approx. 300 m of temporary access roads and barracks area.

The scheduled start-up is Une 2022 with completion in October 2023.

Further information is in the attached document in stage 1, and in the annexes and drawings that are published in stage 2 of the contest. Minor adjustments to the tender documentation can occur.

Any questions will be answered after 9 August 2021.

#### **II.2.5. Award criteria**

Price is not the only award criterion and all criteria are stated only in the procurement documents

#### **II.2.6. Estimated value**

#### **II.2.7. Duration of the contract, framework agreement or dynamic purchasing system**

Duration in months: 16

This contract is subject to renewal: no

#### **II.2.9. Information about the limits on the number of candidates to be invited**

Envisaged minimum number: 3 Objective criteria for choosing the limited number of candidates :

See the pre-qualification documentation.

#### **II.2.10. Information about variants**

Variants will be accepted: no

#### **II.2.11. Information about options**

Options: no

#### **II.2.13. Information about European Union funds**

The procurement is related to a project and/or programme financed by European Union funds: no

#### **II.2.14. Additional information**

### **Section III: Legal, economic, financial and technical information**

---

#### **III.1. Conditions for participation**

##### **III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers**

List and brief description of conditions:

Norwegian tenderers must present the following certificate:

Certificate for tax and VAT (can be ordered electronically on Altinn).

The certificates must not be older than 6 months from the tender deadline.

Norwegian tenderers: Company registration certificate

Foreign companies: Registration certificate in a professional register as determined by the legislation in the country where the tenderer is established.

### **III.1.2. Economic and financial standing**

List and brief description of selection criteria:

Tenderers must have satisfactory finances for carrying out the contract.

Minimum level(s) of standards possibly required:

— The entity's annual financial statements or extracts thereof if the publication of the annual financial statement is required in the country where the tenderer is established. Documentation that shows the tenderer's last annual turnover was at least twice the the contract's estimated value;

— Credit appraisal, rating A or higher.

If the supplier cannot provide the above mentioned documentation, or wants to document that this gives a misleading picture of his financial situation, he must prove his economic and financial position by providing other documents relevant to the company's accounting figures /finances. Tenderers must then provide specific reasons why the requested documentation may not be available or gives a misleading picture.

### **III.1.3. Technical and professional ability**

List and brief description of selection criteria:

Tenderers must have the necessary competence and experience to fulfil the contract in a satisfactory way.

Minimum level(s) of standards possibly required:

See the pre-qualification documentation.

A description of the tenderer's 3 most relevant assignments in the last 5 years, including a short description of the delivery and the tenderer's role in the project, the contract value, date, and recipient with the name and contact information of a contact person.

A description of the technical personnel that the tenderer has at his disposal for fulfilment of the contract.

### **III.1.4. Objective rules and criteria for participation**

List and brief description of rules and criteria:
