7. Modification

7.1. Modification

Identifier of the previous contract award notice: 576837-2019

Identifier of the modified contract: n/a

Reason for modification: Need for modifications because of circumstances which a diligent buyer could not predict.

Description: In November 2019, the Board awarded the contract to Blackrock Expert Services (since acquired by Kroll Advisory Services Limited) for a period of 36 months subject to two 1 year permitted extensions. The contract is due to expire again and due to the unanticipated prolongation of the project, the Board is of the view it is justified in further relying on the provisions of Article 72(1)(b) as a change in service provider at this advanced stage of the project would as a minimum lead to significant technical and economic inconvenience and disruption to the existing Forensic Construction Management and Scheduling Analysis Specialist Services and would expose the project to a significant degree of risk while an alternative provider is secured. This is based on the specialist/expert nature of the services and the specific unique technical know-how and knowledge built up by Kroll during the term of the Contract particularly in the case of data, records and reports it has collected and prepared as part of its role as independent delay expert on the project.

7.1.1. Change

Description of modifications: The Board requires for crucial continuity a further extension to the contract that reflects the extended construction and substantial completion timeline including the defects liability period for the project to avoid significant technical and economic
