II.1. Scope of the procurement

II.1.1. Title

IT operations, applications development and management.

Reference number: 2-2016

II.1.2. Main CPV code

72000000 IT services: consulting, software development, Internet and support

II.1.3. Type of contract

Services

II.1.4. Short description

Konsentra AS wants to enter into agreement with a supplier of IT operations, applications development and management.

IT operations:

The operational service agreement will consist of operation of application servers, database servers, terminal servers, laptop and desktop PCs as well as standard software. The entire environment is Windows based, with the exception of a Linux web server. All servers will initially be virtual and delivered by the the Tenderer, preferably with included licences for OS etc., where possible. The Contracting Authority has no desire to control in detail how the IT operational environment is constructed, but instead wants to purchase this as a service with associated SLA.

Applications development and management.

The applications portfolio consists primarily of standard office support applications. There are also 6 self-developed applications. These applications will be part of the applications management agreement, but Trapeze will have applications management responsibility for Pass.

II.1.6. Information about lots

This contract is divided into lots: no

II.1.7. Total value of the procurement

Value excluding VAT: 8 852 000,00 NOK

II.2. Description
