We are a popular school with students, parents and staff alike and this is founded on good working relationships and a caring attitude. We pride ourselves on the warm, purposeful atmosphere that has been created at Caterham.
We aim to cater for the needs of the individual, helping them to realise their full potential whilst giving them the relevant personal and social skills to play a positive role in their life beyond school.

We never stand still at Caterham and are always looking at ways that we can improve still further. The emphasis is very much on teaching and learning and that is at the heart of all we do. We have an expanding and responsive curriculum aimed at enhancing choice and opportunity for students as they progress through the school. Our teaching is both innovative and challenging both in content and delivery where ICT is used throughout the school to bring the curriculum to life and to stimulate and engage students in their learning.

The current service is currently managed by Compass Services.

There are currently up to 1 200 students and 90 teaching and 90 non-teaching staff within the School.
