Bymiljøetaten estimates that the yearly purchasing requirement is:

— approx 30 goals of size 7.32 meter x 2.44 meter (11 a-side goals),

— approx 40 goals of size 5 meter x 2 meter (7 a-side goals)

— approx 40 goals of size 3 meter x 2 meter (5 a-side goals)

Furthermore there are purchased approximately 100 nets suited to 11 a-side, 100 nets suited to 7 a-side and 40 nets suited to 5 a-side.

11 a-side goals with white posts will be offered without extra cost.

All goals, nets, wheels and hooks offered must be new.

Annual purchase must be variable from year to year and be dependent of economical framework conditions and political decisions. The estimate carries no obligation for the contracting authority or rights for the supplier.
