Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.2. Economic and financial standing

Minimum level(s) of standards possibly required:

51 ratio - 'With regards ESPD question 4B, SPT will use Dun and Bradstreet's DBAi financial reporting system to assess the financial stability of bidders. Bidders with a Failure Score of 51 or above on the DBAi system will be deemed to have evidenced satisfactory financial stability. bidders must confirm within their response to the relevant question within the qualification envelope, the value of their D&B failure score.

In the event that the bidder does not have a Dun and Bradstreet rating or they consider that the rating has been adversely affected by factors which they can offer mitigating evidence for, we will use the following ratios to evaluate a bidder's financial status. Bidders must confirm within their response to the relevant question within the qualification envelope, the name and value of the 3 financial ratios listed below as taken from their own accounts.

- 1) Profitability: this is taken as profit after tax but before dividends and minority interests. If a company makes a profit then it is a pass for this ratio;
- 2) Liquidity: this value is calculated as current assets less stock and work in progress, divided by current liabilities. If the answer is greater than or equal to one then it is a pass for this ratio;
- 3) Gearing: this value is calculated as the total external secured borrowing (short term and long term) divided by shareholder funds expressed as a percentage. If the answer is less than or equal to 100 % it is considered a pass for this ratio.

Where 2 out of the 3 ratios cannot be met, we may then take account of other factors (including those listed below) when assessing financial viability and the risk to the organisation, providing that the Bidder can submit acceptable evidence to substantiate any of the mitigating criteria.'

As per T&C's - 19.2. The contractor shall effect with an insurance company or companies acceptable to SPT a policy or policies of insurance in respect of all the matters which are subject of the indemnities on the part of the contractor contained in this contract including professional liability insurance in the sum of no less than GBP 5 000 000, public liability insurance in the sum of no less than GBP 10 000 000, product liability insurance in the sum of no less than GBP 5 000 000 and employers' liability Insurance in the sum of no less than GBP 5 000 000 at least, each in respect of any one incident and unlimited in total, unless otherwise agreed by SPT in writing.

III.1.3. Technical and professional ability

Minimum level(s) of standards possibly required:

Technical pre-requisites (pass/fail):

- 1) provide evidence of independently certified quality management system (against ISO 9001 or equivalent) covering the scope of supply [applies for rail and trackwork lots];
- 2) can you supply BS80A (CEN 39E1) and UIC33 rail – yes/no [applies for rail lot only].

Section IV: Procedure

IV.1. Description

IV.1.1. Type of procedure

Place:

131 St Vincent St Glasgow G2 5JF.

Section VI: Complementary information

VI.1. Information about recurrence

This is a recurrent procurement: yes

Estimated timing for further notices to be published:

On expiry of the framework, the requirement will be reviewed and tendered appropriately.

VI.2. Information about electronic workflows

Electronic ordering will be used

Electronic invoicing will be accepted

Electronic payment will be used

VI.3. Additional information

The tender list is non-exhaustive, other similar equipment is allowed from over the life of the framework detailing any savings and discount.

The buyer is using PCS-Tender to conduct this ITT exercise. The project code is 16641. For more information see: <http://www.publiccontractsscotland.gov.uk/info/InfoCentre.aspx?ID=2343>

Community benefits are included in this requirement. For more information see: <http://www.publiccontractsscotland.gov.uk/info/InfoCentre.aspx?ID=2361>

A summary of the expected community benefits has been provided as follows:

SPT is committed to the promotion of community benefits. Bidders will be asked in the technical envelope of each lot to identify what community benefits they propose to deliver under this framework to each lot based on the value and Community Benefits points allocated to each lot.

The estimated value and duration of this contract will attract a minimum of 120 community benefits points for lot 1 and 60 points for lot 2 to be delivered by the successful contractor Please give examples of your involvement in the following: promoting supply chain opportunities to new and small, medium enterprises.

Young person engagement — giving young people in the area an opportunity to engage in a project. The engagement can range from young people learning about a project to giving them the opportunity to shape and influence a project thus giving them more say in and connection to the future of their area.

(SC Ref:624816)
