Norway – Construction work for highways, roads – 135-BYM-2023 Parallel framework agreements for construction work

OJ S 101/2026 28/05/2026

Contract or concession award notice – standard regime

Works

1. Buyer

1.1. Buyer

Official name: The City of Oslo, The Agency for Urban Environment

Email: John.strom@bym.oslo.kommune.no

Legal type of the buyer: Body governed by public law, controlled by a local authority

Activity of the contracting authority: General public services

2. Procedure

2.1. Procedure

Title: 135-BYM-2023 Parallel framework agreements for construction work

Description: The Agency for Urban Environment intends to enter into a framework agreement for the purchase of site work that can cover the entire Urban Environment Agency's management area. The framework agreement will cover construction work that mainly involves works on, along and in roads, but it will also include ground and surface works within the agency's other disciplines, such as urban areas, park areas, footpaths, sports facilities etc. This framework agreement will be in addition to separate tender contests for upgrading roads, squares and meeting places. See the tender documentation and annexes for detailed information.

Procedure identifier: d79f4219-822e-4e3a-9bbc-57c9f7691362

Previous notice: f95f2ef4-be5b-4802-8adc-0f6fb19710e9-01

Internal identifier: 24/79487

Type of procedure: Other single stage procedure

Main features of the procedure: Open tender contest, cf. § 13-1

2.1.1. Purpose

Main nature of the contract: Works

Main classification (cpv): 45233100 Construction work for highways, roads

Additional classification (cpv): 45112000 Excavating and earthmoving work, 45213311 Bus station construction work, 45233000 Construction, foundation and surface works for highways, roads, 45233140 Roadworks, 45233161 Footpath construction work, 45233162 Cycle path construction work, 45233300 Foundation work for highways, roads, streets and footpaths, 45233320 Foundation work for roads, 45236200 Flatwork for recreation installations, 45262510 Stonework, 71500000 Construction-related services

2.1.2. Place of performance

Anywhere

Additional information: Oslo municipality's area of responsibility

2.1.3. Value

Estimated value excluding VAT: 350 000 000,00 NOK

Maximum value of the framework agreement: 500 000 000,00 NOK

2.1.4. General information

Call for competition is terminated

Legal basis:

Directive 2014/24/EU

FOA § 13-1 - Open tender contest, cf. the Public Procurement Regulations § 13-1

5. Lot

5.1. Lot: LOT-0000

The framework agreement will cover construction work that mainly involves works on, along and in roads, but it will also include ground and surface works within the agency's other disciplines, such as urban areas, park areas, footpaths, sports facilities etc. This framework agreement will be in addition to separate tender contests for upgrading roads, squares and meeting places. See the tender documentation and annexes for detailed information.

Internal identifier: 24/79487

5.1.1. Purpose

Main nature of the contract: Works

Main classification (cpv): 45233100 Construction work for highways, roads

Additional classification (cpv): 45112000 Excavating and earthmoving work, 45213311 Bus station construction work, 45233000 Construction, foundation and surface works for highways, roads, 45233140 Roadworks, 45233161 Footpath construction work, 45233162 Cycle path construction work, 45233300 Foundation work for highways, roads, streets and footpaths, 45233320 Foundation work for roads, 45236200 Flatwork for recreation installations, 45262510 Stonework, 71500000 Construction-related services

5.1.2. Place of performance

Anywhere

Additional information: Oslo municipality's area of responsibility

5.1.3. Estimated duration

Duration: 4 Years

5.1.5. Value

Estimated value excluding VAT: 350 000 000,00 NOK

Maximum value of the framework agreement: 500 000 000,00 NOK

5.1.6. General information

Procurement Project not financed with EU Funds.

The procurement is covered by the Government Procurement Agreement (GPA): no

5.1.10. Award criteria

Criterion:

Type: Price

Name: Price

Description: Documentation requirement: Completed price form, annex 2.5 and the Framework Agreement's description, annex 2.6.

Category of award weight criterion: Weight (percentage, exact)

Award criterion number: 100

Criterion:

Type: Quality

Name: Justification for using the Public Procurement Regulations § 7-9 (4)

Description: Oslo municipality has high ambitions to set stricter climate and environmental requirements in its procurements. From 01.01.2025, all of Oslo municipality's building and construction sites shall be emission free and the transport of matter shall be emission free or by using biogas technology. Transport shall then be undertaken by using zero emission (i.e. battery electrical or hydrogen) or biogas technology that as a minimum fulfils Euro class 6/V. The environment will not evaluate this procurement as there will be minimum requirements for direct emissions in each call-off, cf. the Public Procurement Regulations § 7-9. The minimum requirements in call-offs for 100% emission free site and a minimum of biogas for mass transport will have a significantly better environmental and climate effect than applying this as an award criteria in the framework agreement. When it comes to indirect emissions, it is inappropriate to lock contractors to specific materials in a general framework agreement. Absolute requirements in the call-offs will mean that the Agency for Urban Environment can follow technology development during the framework agreement period in an appropriate manner. In accordance with the call-off mechanism in point 3.15.1, it will also be possible to weight suitable environmental considerations in future mini competitions. Machines, which at the time of the notice, do not exist with emission free fuel type in the market, will have to be priced with fuel type biodiesel in the framework agreement. These machines may be subject to competition with zero emission technology in each call-off when one or several of these machines are entering the market, either as a minimum requirement for a new fuel type or an award criteria.

Category of award weight criterion: Weight (percentage, exact)

Award criterion number: 0

5.1.15. Techniques

Framework agreement:

Framework agreement, with reopening of competition

Information about the dynamic purchasing system:

No dynamic purchase system

5.1.16. Further information, mediation and review

Mediation organisation: The City Court of Oslo

Review organisation: The City Court of Oslo

Organisation providing more information on the review procedures: The City of Oslo, The Agency for Urban Environment

Organisation signing the contract: The City of Oslo, The Agency for Urban Environment

6. Results
