I.6. Main activity

Port-related activities

Section II: Object

II.1. Scope of the procurement**II.1.1. Title**

Procurement - Electrical work, delivery and drawing of cables at Flatholen North (1)

Reference number: 23/2516

II.1.2. Main CPV code

45232000 Ancillary works for pipelines and cables

II.1.3. Type of contract

Works

II.1.4. Short description

Extensive electrical work will be carried out, including the delivery and drawing of cables at Flatholmen North.

This is a notice of announcement

23/2516: Procurement - Electrical work, delivery and drawing of cables at Flatholmen North (2023-687159), published 9 June 2023. There are no substantial changes (changes to documents, attachments, requirements, etc.)

The original announcement was mistakenly only announced nationally. Because this procurement must be viewed in context with other work at Flatholmen, cf. FF §5-3, where the total value of the project is estimated at NOK 200 million excluding VAT, the announcement and contracting of the electrical work must be carried out in accordance with FF Part II, above the EEA threshold value.

Tenderers who have already expressed interest through the previous national announcement do not need to express interest again.

II.1.5. Estimated total value

Value excluding VAT: 25 000 000,00 NOK

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.3. Place of performance

NUTS code: NO0A3 Møre og Romsdal

Main site or place of performance: Flatholmen

II.2.4. Description of the procurement

Extensive electrical work will be carried out, including the delivery and drawing of cables at Flatholmen North

II.2.5. Award criteria

Criteria below

Price

II.2.6. Estimated value

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Start: 01/09/2023 End: 15/06/2024

This contract is subject to renewal: no

II.2.10. Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: no

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

An informational meeting is scheduled for 23 June 2023 at 10:00.
Register via email to: egil@kkvalsund.no by 20 June 2023 at 16:00.
Meeting location: The offices of Kvalsund Ingeniører AS at Kongensgate 25, 6002 Ålesund.
All tenderers are encouraged to participate. It is recommended that tenderers provide representatives who will play a central role in the pricing and execution of the project.

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.2. Economic and financial standing

List and brief description of selection criteria:

Tax and VAT certificates

Documentation requirement for Norwegian tenderers:

Following tender submission, the tenderer must give consent for Tendsign to obtain and for the contracting authority to receive information about the above via Tendsign. After tenderers have submitted their tenders in TendSign, they will receive a request from Altinn for consent to share the tax information. The consent is valid on an organisation level and is valid for 3 (three) months.

If a tenderer does not give consent, the tenderer must attach a tax and VAT certificate. The certificate must not be older than 6 (six) months from the tender deadline. Any arrears or other irregularities must be justified. (Tenderers can obtain the electronic tax and VAT certificate itself and immediately receive it by email.)

Documentation requirement for foreign tenderers:

Tenderers who are not established in Norway can present equivalent documentation issued by the authorities in the country where the tenderer is established. The certificate shall preferably be translated into Norwegian, but it will also be accepted in Swedish, Danish and English.

Credit rating

The contracting authority will carry out an assessment of the tenderer's finances through the company and accounting information system Bisnode AS (www.soliditet.no/creditcontrol) with the service CreditPro.

The contracting authority is not accepting credit ratings from other company and accounting information systems than Bisnode AS with the service CreditPro so that the Tenderers can be assessed on equal terms.

Tenderers can attach other necessary information with their tender if the tenderer is of the opinion that Bisnode/CreditPro will not provide an accurate picture of the financial situation.

Newly established companies: Newly established companies who have not worked up a basis for a credit assessment must enclose a declaration from a bank or similar financial institution on the company's financial and economic standing.

This also applies to foreign tenderers.

Minimum level(s) of standards possibly required:

Tax and VAT certificates

Tenderers must have their tax, payroll tax and VAT payments in order in accordance with the legal provisions.

Credit rating

The economic capacity to fulfil the contract is required, both for the main tenderer and subcontractors. A minimum requirement is that the tenderer is credit-worthy with a score of A in accordance with Bisnode AS using the service CreditPro, or that the tenderer has the financial capacity to execute the contract, based on the contracting authority's assessment in accordance with the attached documentation from the tenderers.

Newly established companies must have the financial capacity to fulfil the contract.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

Quality management system

A description of the tenderer's routines and measures for quality assurance (maximum 1 A4 page, the table of contents will not be accepted).

If a tenderer is certified in accordance with ISO 9001, or equivalent quality assurance certification, and this is described in the certification, it is sufficient to provide a copy of a valid certificate. Tenderers must state where in the certification the requirement is met.

Experience and expertise

The excel spreadsheet "Experience and Competence - the Tenderer's References" must be completed. For each reference assignment, information must be provided about the assignment's content, value, dates, the contracting authority, and the contracting authority's point of contact with an e-mail address and telephone number. In addition, documentation of the relevant competence of key personnel must be provided.

Central certification or equivalent.

Documentation of central certification or other documentation that the requirement is fulfilled must be attached.

Minimum level(s) of standards possibly required:

Quality management system

Tenderers must have a quality assurance system that is suitable for the delivery and the risk involved.

Experience and expertise

Tenderers are required to have relevant experience from assignments with a transferable value to this project. This means projects with a similar degree of complexity.

In addition, the key personnel that will be included in the project management for the project are required to have satisfactory and relevant expertise. Relevant expertise for key personnel means that, as a minimum, the project manager has participated in projects with a transferable value, either as a project manager or as participants in the project group.

Central certification or equivalent.

It is required that the main contractor or executing subcontractors hold central authorisation or equivalent or that key personnel have documented expertise and experience as specified in the Building Case Regulations [Byggesaksforskriften] (SAK10) Chap. 11, §11-3 or equivalent for:

Discipline:

Electric power and telecommunication systems Measure class: 2

Section IV: Procedure

IV.1. Description

IV.1.1. Type of procedure

Open procedure

IV.1.3. Information about a framework agreement or a dynamic purchasing system

IV.1.8. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes

IV.2. Administrative information

IV.2.2. Time limit for receipt of tenders or requests to participate

Date: 15/08/2023 Local time: 12:00

IV.2.3. Estimated date of dispatch of invitations to tender or to participate to selected candidates**IV.2.4. Languages in which tenders or requests to participate may be submitted**

Norwegian

IV.2.6. Minimum time frame during which the tenderer must maintain the tender

Duration in months: 3 (from the date stated for receipt of tender)

IV.2.7. Conditions for opening of tenders

Date: 15/08/2023 Local time: 12:00

Information about authorised persons and opening procedure: Not open to the public.

Section VI: Complementary information
