## Section IV: Procedure

---

### IV.1. Type of procedure

#### IV.1.1. Type of procedure

Negotiated without a call for competition

Justification for the award of the contract without prior publication of a call for competition in the Official Journal of the European Union:

Directive 2004/18/EC

#### **1) Justification for the choice of the negotiated procedure without prior publication of a contract notice in the OJEU in accordance with Directive 2004/18/EC**

The works, supplies or services can be provided only by a particular economic operator for the following reason:

technical

It is considered that this contract should be placed using the negotiated procedure without prior publication pursuant to Directive 2009/81/EC article 28 (3) (a) (Regulation 16 (1) (i) (aa) and/or (bb) of the Defence and Security Public Contracts Regulations 2011). This is because to place the contract with another supplier would result in incompatibility and disproportionate technical difficulties with the integration of new Military Aircrew Night Vision Goggles because the integration, training, spares, publications and aircraft clearances would differ between suppliers. This would result in different equipment being required for the integration and maintenance of systems provided by different suppliers with limited interoperability, together with a disproportionate impact on logistics to ensure maintenance and integration of systems from various suppliers. A further supply of the same system will ensure compatibility with existing equipment and fit straight into the same platform without technical difficulties. In addition, the existing supplier is the Design Organisation (DO) for this range of equipment. Technical support must be maintained by the DO who has DAOS approval, this covers publication support and engineering assistance as required at units. Contact telephone number: +44 3067982900, Or from outside the UK: +44 1967890000 (listen to message, press: "star", then dial: "+44 3067982900", followed by: "#")
