Start 1.6.2017. Completion 31.10.2018

Section III: Legal, economic, financial and technical information

III.1. Conditions related to the contract

III.1.1. Deposits and guarantees required

In accordance with NS 8407.

III.1.2.

Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

In accordance with NS 8407.

III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded

III.1.4. Contract performance conditions

The performance of the contract is subject to particular conditions: yes

Description of particular conditions: There will be particular terms regarding social responsibility, ethical trade, environment, requirements for a percentage of apprentices and a percentage of skilled workers. As a starting point, only one link of sub-suppliers is allowed in a chain under the main tenderer. Two links could be accepted as an exception.

III.2. Conditions for participation

III.2.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions: Tenderers are required to submit confirmation of paid tax, employer contribution and VAT. The confirmation must not be older than 6 months, calculated from the tender deadline. Any arrears must be justified.

— A certificate of paid tax, employer contribution and VAT (RF-1316) that the Tenderer orders himself from Altinn. <https://www.altinn.no/no/Skjema-og-tjenester/Etater/Skatteetaten/Attestbestilling/>

— Foreign tenderers must provide certificates from authorities equivalent to the Norwegian authorities.

Tenderers are required to have a legally established company.

— Company registration certificate or registration certificates in professional registers as determined by legislation in the countries in which the Tenderer and/or sub-supplier(s) are established.

Tenderers are required to be affiliated with publicly certified apprenticeship schemes.

— Statement from the company regarding connection to any publicly certified apprenticeship schemes that are valid during the execution of the contract.

Tenderers shall have sufficient right to be responsible for the initiative.

— Valid documentation of central certification for the right to be responsible in development class 3 for UTF.

III.2.2. Economic and financial ability

List and brief description of conditions: Good solidity is required

— Credit evaluation/rating, not older than six months, based on the last known accounting figures. The rating shall be carried out by an officially certified credit rating institution.

— The company's annual accounts for the last two years with the auditor's report, as well as recent information of relevance for the company's accounting figures are to be enclosed.

III.2.3. Technical and professional ability

List and brief description of conditions:

Relevant experience is required.

Tenderers shall have sufficient experience from equivalent assignments.

Equivalent assignments means equivalent complexity and extent, including projects connected to railways, roads and constructions, with the accompanying electro and water and sewage deliveries.

— Overview of assignments in the last 3-5 years calculated from the tender deadline expiry

date.

An overview showing the execution of equivalent multi-disciplinary deliveries/site projects of an equivalent complexity and extent. Descriptions shall be enclosed of the work's value, date and place and indicate whether the works were professionally and properly completed.

References shall be stated with the name and contact person/telephone number and the contracting authority reserves the right to contact them, but is not obliged to do so.

Good implementation ability is required.

The delivery shall have relevant organisation and competence for the assignment.

— Information on how the Tenderer organises such projects. Interface and distribution of responsibility with sub-suppliers. General presentation of the organisation and professional environments.

(CVs shall not be enclosed. A competence matrix can be a part of the information.)

Sub-suppliers

The assignment shall be carried out by the chosen turnkey contractor and his employees in a contractual employment relationship, or possibly by sub-suppliers and their employees, or by legally hired labour. The agreement has an anti-corruption clause (PPR § 3-11 4).

— Declaration of how much of the contract the tenderer intends to leave to sub contractors.

— Confirmation that there will not be more than one link of sub-contractors under the turnkey contractor.

A good quality assurance system is required.

Tenderers shall have a good and well functioning quality assurance system (ISO 9000 or equivalent).

— Documentation on the company's quality assurance system/management system.

— Any certificates.

A good HSE system is required.

Tenderers shall have a good HSE system for the execution of the assignment.

— Confirmation that the Tenderer has a suitable HSE system.

Environment systems

A good and well-functioning quality assurance system is required ISO 14001 or equivalent.

— Proof of membership is to be enclosed with the application.

— Any documentation that shows that the company has an environment management system.

Action plan environment

By the time the contract is signed, the applicant must have prepared an environmental action plan for the assignment.

— Confirmation that such an action plan has been or will be prepared.

The action plan ought to include the following, amongst other things:

— Energy saving measures connected to parts of the company.

— Internal environmental training of employees.

— Training drivers in economic driving (relevant if the drivers are the tenderer's own employees).

— CO2 reducing measures for transport

— Environment requirements for sub-contractors.

III.2.4. Information about reserved contracts

III.3. Conditions specific to services contracts

III.3.1. Information about a particular profession

Execution of the service is reserved to a particular profession: no

III.3.2. Information about staff responsible for the performance of the contract

Obligation to indicate the names and professional qualifications of the staff assigned to performing the contract: no

Section IV: Procedure

IV.1. Type of procedure

IV.1.1. Type of procedure

Negotiated

Some candidates have already been selected (if appropriate under certain types of negotiated procedures) no

IV.1.2. Information about the limits on the number of candidates to be invited

Envisaged minimum number 3: and Maximum number 5

Objective criteria for choosing the limited number of candidates: Any selection in the prequalification phase will be made on the basis of the criteria experience and implementation ability, as stated in point 4.5.

IV.1.3. Information about reduction of the number of solutions or tenders during negotiation or dialogue

Recourse to staged procedure to gradually reduce the number of solutions to be discussed or tenders to be negotiated yes

IV.2. Award criteria

IV.2.1. Award criteria

The most economically advantageous tender in terms of Price is not the only award criterion and all criteria are stated only in the procurement documents

IV.2.2. Information about electronic auction

An electronic auction will be used: no

IV.3. Administrative information
