The procurement involves the establishment of a framework agreement

II.1.4. Information about framework agreement

Framework agreement with several operators

Number Envisaged maximum number of participants to the framework agreement: 5

Duration of the framework agreement

Duration in years: 4

Estimated total value of purchases for the entire duration of the framework agreement

Frequency and value of the contracts to be awarded: Based on sales in recent years, ABBV estimates that the total sales of new house alarm systems to new customers will be approx. 200 installations per annum, i.e. 800 house alarm systems in the entire contract period, including the option period. The stated volume is not binding for the contracting authority.

II.1.5. Short description of the contract or purchase(s)

Asker og Bærum Brannvesen IKS (ABBV) offers customers in private housing in Asker og Bærum house alarms with the reception and handling of alarm signals i the 110 centre alarm reception and turn-out from ABBV's stand-by department. ABBV is responsible for the operation and maintenance of customers as well as marketing the service.

ABBV would like to enter into a framework agreement with one or several tenderers who shall be responsible for the alarm systems and additional equipment, i.e. be responsible for site inspections at customers, give price offers, assemble the alarm systems and additional equipment, test alarm signals, have a guarantee responsibility for technical equipment etc. Tenderers shall guarantee high quality professional work, provide quick and good customer service and guarantee good capacity for carrying out the assignments.

The customer owns his own system and is responsible for system maintenance, regular testing and service. The customer procures the house alarm system from the tenderer.

II.1.6. CPV code(s)

45312000 Alarm system and antenna installation work, 45312100 Fire-alarm system installation work, 45312200 Burglar-alarm system installation work
