Services

Service category No 12: Architectural services; engineering services and integrated engineering services; urban planning and landscape engineering services; related scientific and technical consulting services; technical testing and analysis services

NUTS code

II.1.3. Information about a framework agreement or a dynamic purchasing system (DPS)

II.1.4. Short description of the contract or purchase(s)

Construction consultancy services. Construction consultancy services. Architectural and related services. Building surveying services. Design consultancy services. Construction project management services. Civil engineering consultancy services. Calculation of costs, monitoring of costs. Quantity surveying services. Geotechnical engineering services. Mechanical and electrical engineering services. The NHS London Procurement Partnership (NHS LPP) wishes to establish two complementary Buildings and Facilities Management (FM) professional services frameworks. These frameworks seek to provide NHS trusts (primarily in London) with access to a range of suitable suppliers of professional services across buildings services and advisory services. The first framework focuses on Building Services while the second framework focuses on Advisory Services. These two frameworks are complementary to each other and will, where possible, follow the same tender timescales and procedures.

However each framework is stand alone, with a separate OJEU Contract Notice and separate PQQ and ITT responses required. Therefore where a supplier wishes to participate in both frameworks, two separate responses will be required from the supplier, one for Building Services and one for Advisory Services. This OJEU notice relates to the first framework — Building Services, which consists of 9 lots: 1. Multi Discipline; 2. Architectural Services; 3. Building Surveying Services and Condition Reporting; 4. CDMC (Construction, Design and Management Consultants); 5. Civil and Structural Engineering Services; 6. Cost Advisor; 7. Ground Works; 8. Mechanical and Electrical Engineering Services; 9. Project Management. LPP is setting up this Framework Agreement on behalf of its members and King's College London. A link to LPP's list of its current membership is set out below. This list is regularly updated to reflect any change in membership from time to time. It is expected that multiple contracts will be awarded under the framework. The value of any one of these contracts may range from GBP 1 to GBP 5 000 000 per project. The framework will be established for 2 years with the option to extend for a further 2 x 12 month periods.

II.1.5. CPV code(s)

71530000 Construction consultancy services

II.1.6. Information about the Government Procurement Agreement (GPA)

II.2. Total value of the contract/lot

II.2.1. Total value of the contract/lot
