Additional information can be obtained from:

the abovementioned address

Specifications and additional documents (including documents for competitive dialogue and a dynamic purchasing system) can be obtained from:

the abovementioned address

Tenders or requests to participate must be submitted: the abovementioned address

I.2. Type of the contracting authority

National or federal agency/office

I.3. Main activity

General public services

I.4. Contract award on behalf of other contracting authorities

The contracting authority is purchasing on behalf of other contracting authorities: no

Section II: Object of the contract

II.1. Description**II.1.1. Title attributed to the contract by the contracting authority**

Tunnel renovation, Oslo — E6/Ring3 the Bryns tunnel.

II.1.2. Type of contract and place of performance or delivery

Works

Execution

Main site or place of performance: Oslo.

II.1.3. Information about a framework agreement or a dynamic purchasing system

The notice involves a public contract

II.1.4. Information about framework agreement

II.1.5. Short description of the contract or purchase(s)

The works include a complete renovation of the Bryns tunnel. The length of the tunnel is approx. 300 metres and it is situated on Ring 3 in Oslo. There is approx. 30 m of rumble strips over both driving lanes at the portals in the south. The rumble strips shall be demolished and replaced with a concrete slab. A new technical building shall be constructed on the new concrete slab. Approx. 130 m shall be back ripped from the northbound lane for sight expansion. A mechanical room for water treatment plant shall be blasted out in the south bound lanes. A cross-cut shall also be blasted out between the tunnel lanes. A hole will be drilled from the water treatment plant to the sewage tunnel, and a hole to the manhole at Jernbaneveien. A receiving pit must be established In connection with drilling down to Jernbaneveien.

Barriers and sign portals will be set up in the open air zones north and south of the tunnel. The works shall be executed with one and one lane closed, while the tunnel is open for two way traffic in the opposite lane. The closure will cause major traffic challenges in the area. It is therefore emphasised that the works shall be executed as soon as possible.

II.1.6. CPV code(s)

45221241 Road tunnel construction work, 45233121 Main road construction works, 45221240 Construction work for tunnels, 31730000 Electrotechnical equipment

II.1.7. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes

II.1.8. Lots

This contract is divided into lots: no

II.1.9. Information about variants

Variants will be accepted: no

II.2. Scope of the procurement

II.2.1. Total quantity or scope

- Water chiselling 130 m³ (2 7 00m²);
- Blasting works /back ripping 1 825 m³;
- Road works 6 900 m²;
- Directional drilling 170 m;
- Sedimentation basin 1;
- Ventilators 4;
- LED light strips 570 m;
- Cable racks in tunnel 800 m;
- Technical building 1;
- Cameras 36;
- Barriers 5;
- Prefab-slabs, concrete approx. 670 m²;
- Sign portals (whole) 9;

- Fire hydrants 2;
 - Insulated waterproof arch of shotcrete, 8 500 m².
- Estimated value excluding VAT:
Range: between 110 000 000 and 180 000 000 NOK

II.2.2. Information about options

Options: no

II.2.3. Information about renewals

This contract is subject to renewal: no

II.3. Duration of the contract or time limit for completion

Start 21.2.2016. Completion 22.5.2017

Section III: Legal, economic, financial and technical information

III.1. Conditions related to the contract

III.1.1. Deposits and guarantees required

A bank guarantee is required for the execution of the contract. Described in detail in the tender documentation.

III.1.2. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded

III.1.4. Contract performance conditions

The performance of the contract is subject to particular conditions: no

III.2. Conditions for participation

III.2.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions: Tax certificates

Tax and VAT certificates, not older than 6 months, shall be enclosed with the tender. Cf. PPR § 8-7, possibly § 17-14.

Working partnership: commitment statement.

If the tenderer is a working partnership (supplier consortium), a declaration of joint and several liability to the builder and third-parties must be enclosed with the tender. A statement should also be given for the business form and the composition of the working partnership, including the participants' organisation numbers.

III.2.2. Economic and financial ability

List and brief description of conditions: Financial situation:

Tenderers are required to have positive equity. If the tenderer is a working partnership (supplier consortium), the requirements apply for each of the participants.

Documentation of equity is to be submitted the tender. Cf. chapter E2, point 4.3.1, form E2-4.3.1.

Documentation of any significant changes to the tenderer's equity and solvency compared to the last accounts audit must accompany the tender.

Implementation ability: The tenderer's annual average turnover should be at least as large as

the annual revenues the contract generates.

Documentation of turnover for the last 3 years should be submitted the tender. Cf. chapter E2, point 4.4.1, form E2-4.4.1.

Minimum level(s) of standards possibly required: The tenderer's annual average turnover should be at least as large as the annual revenues the contract will generate.

III.2.3. Technical and professional ability

List and brief description of conditions:

Experience:

The tenderer shall have experience from work of the same nature and degree of difficulty.

Documentation requirement:

Information on such shall be attached with the tender. Cf. chapter E2, point 4.1.1, form E2-4.1.1.

The builder's experiences. Reference projects.

NPRA and other builders' experiences with the tenderer will be appraised.

The tenderer is required to show references to relevant contracts that they themselves have carried out in a satisfactory manner.

Conditions which will be evaluated are related to, amongst other things:

- documentation of completed quality;
- fulfilment of contracts;
- compliance with provisions and procedures for HSE;
- compliance with provisions for wages and working conditions;
- observance of deadlines;
- follow up during the warranty/claims period.

Documentation requirement:

Information about contracts the tenderer has had in the last few years, with names of references at the contracting authority, shall accompany the tender. Cf. chapter E2, point 4.1.2, form E2-4.1.2.

Any assessment forms from previously completed contracts can also be included in the basis for the evaluation.

HSE.

Accident frequency (H1-value).

If the tenderer is a working partnership (supplier group), the requirements apply for each of the participants.

The H1-value is defined as the number of work accidents with absence in relation to the hours worked multiplied by 10^6 .

The average of the H1-value for the last three years should be a maximum of 15, Cf. chapter E2, point 4.2.1, form E2-4.2.1.

If the H1-value is higher than this, an account should be given of the developing trend for the H1-value and any F-values, which will express the severity of any high H1-value. Furthermore, a report on whether improvement measures are implemented, and if so, also documentation on the effectiveness of these, should accompany the tender.

Minimum level(s) of standards possibly required:

The average of the H1-value for the last 3 years should be a maximum of 15.

III.2.4. Information about reserved contracts

III.3. Conditions specific to services contracts

III.3.1. Information about a particular profession

Execution of the service is reserved to a particular profession: no

III.3.2. Information about staff responsible for the performance of the contract

Obligation to indicate the names and professional qualifications of the staff assigned to performing the contract: no

Section IV: Procedure

IV.1. Type of procedure

IV.1.1. Type of procedure

Open

IV.1.2. Information about the limits on the number of candidates to be invited

IV.1.3. Information about reduction of the number of solutions or tenders during negotiation or dialogue

IV.2. Award criteria

IV.2.1. Award criteria

The most economically advantageous tender in terms of Price is not the only award criterion and all criteria are stated only in the procurement documents

IV.2.2. Information about electronic auction

An electronic auction will be used: no

IV.3. Administrative information

IV.3.1. File reference number attributed by the contracting authority

15/205544

IV.3.2. Previous publication concerning this procedure

no

IV.3.3. Conditions for obtaining specifications and additional documents or descriptive document

Payable documents: no

IV.3.4. Time limit for receipt of tenders or requests to participate

2.12.2015 - 12:00

IV.3.5. Estimated date of dispatch of invitations to tender or to participate to selected candidates

IV.3.6. Languages in which tenders or requests to participate may be submitted

Other: Norwegian.

IV.3.7. Minimum time frame during which the tenderer must maintain the tender

until: 5.2.2016

IV.3.8. Conditions for opening of tenders

Persons authorised to be present at the opening of tenders: no

Section VI: Complementary information

VI.1. Information about recurrence

This is a recurrent procurement: no

VI.2. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

VI.3. Additional information

The tender conference will take place 5.11.2015, 12:00 at The Norwegian Public Roads Administration, Østensjøveien 34, Oslo.

VI.4. Procedures for review

VI.4.1. Review body

VI.4.2. Review procedure

VI.4.3. Service from which information about the review procedure may be obtained

VI.5. Date of dispatch of this notice

15.10.2015
