II.1.4. Short description of the contract or purchase(s)

Sterilisation, disinfection and hygiene devices. The Medical Supplies Project Team of the Defence Equipment and Support Organisation of the UK Ministry of Defence, intends to contract with Thermometrix UK for the supply and service of Medical Device Decontamination Capability (MDDC).

It is considered that this contract can be placed using the Negotiated Without Prior Publication Procedure pursuant to Article 31(1) (c) of Directive 2004/18/EC (Regulation 14(1)(a)(iv) of the Public Contracts Regulations 2006 (PCR)).

This is because of the urgent and unforeseen requirement for support to the MDDC equipment which has recently undergone a number of technical changes which were not covered under the existing contract.

The Authority's contract for the supply and support of its MDDC Equipment is now both technically and financially out of scope from when it was originally advertised in 2008 and the contract then being placed in 2009.

The Authority is intending to place an interim contract to support the MDDC Equipment and to include the additional requirements for Hibernation and production Army Equipment Support Publications (AESP's) for a period of six months to ensure the Authority has the Continuity of Supply of this equipment to support the frontline commands, whilst undertaking a full Re-Let programme.

Suppliers interested in working with the Ministry of Defence should register on the MOD Supplier Information Database (SID) Register, available at www.contracts.mod.uk. The MOD SID is a database of active and potential suppliers available to all MOD and UK Defence procurement personnel, and is the main supplier database of MOD Procurement organisations. Please note: the registration and publication of a company profile on the MOD SID does not mean or imply that the supplier has in any way been vetted or approved by the MOD. Suppliers wishing to compete for advertised MOD contracts must respond to any specific call for competition by submitting a separate expression of interest in accordance with the instructions of the purchasing organisation.

From 2.4.2014 the Government is introducing its new Government Security Classifications Policy (GSC) to replace the current Government Protective Marking Scheme. A key aspect of this is the reduction in the number of security classifications used. All suppliers to the Department are encouraged to make themselves aware of the changes as it may impact on this Requirement. The link below to the Gov.uk website provides information on the new GSC. <https://www.gov.uk/government/publications/government-security-classifications>

The Authority reserves the right to amend any condition related to security of information to reflect any changes in national law or government policy. If any contract documents are accompanied by instructions on safeguarding classified information (e.g. a Security Aspects Letter), the Authority reserves the right to amend the terms of these instructions to reflect any

changes in national law or government policy, whether in respect of the applicable protective marking scheme, specific protective markings given, the aspects to which any protective marking applies, or otherwise.
