---

**Section II: Object**

**II.1. Scope of the procurement**

**II.1.1. Title**

Ellevio Data Center Infrastructure and Services

Reference number: UH-2023-91

**II.1.2. Main CPV code**

48000000 Software package and information systems

**II.1.3. Type of contract**

Supplies

**II.1.4. Short description**

Ellevio needs to secure new capacity without losing availability to cater for existing and future services that are part of the IT strategy. Ellevio is therefore looking for a well-established and experienced supplier of Data Center infrastructure (hardware and support) including standardized services, application management and operations, workplace services (excluding hardware and distribution) and consulting services. The Supplier shall design, deliver, implement, configure, test and maintain the the infrastructure and services and workplace services. To secure this the Supplier will comply with Ellevio's requirements, and carry out migration including a transfer of data from existing systems and services. The delivery will include both replacing Data Center services delivered by third parties as well as Ellevio internal deliveries.

#### **II.1.5. Estimated total value**

Value excluding VAT: 500 000 000,00 SEK

#### **II.1.6. Information about lots**

This contract is divided into lots: no

### **II.2. Description**

#### **II.2.2. Additional CPV code(s)**

48000000 Software package and information systems, 72000000 IT services: consulting, software development, Internet and support

#### **II.2.3. Place of performance**

NUTS code: SE Sverige

#### **II.2.4. Description of the procurement**

Ellevio needs to secure new capacity without losing availability to cater for existing and future services that are part of the IT strategy. Ellevio is therefore looking for a well-established and experienced supplier of Data Center infrastructure (hardware and support) including standardized services, application management and operations, workplace services (excluding hardware and distribution) and consulting services. The Supplier shall design, deliver, implement, configure, test and maintain the the infrastructure and services and workplace services. To secure this the Supplier will comply with Ellevio's requirements, and carry out migration including a transfer of data from existing systems and services. The delivery will include both replacing Data Center services delivered by third parties as well as Ellevio internal deliveries.

#### **II.2.5. Award criteria**

Price is not the only award criterion and all criteria are stated only in the procurement documents
