II.2.14. Additional information

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

Tenderers must be registered in a company register, professional register or a trade register in the country where the tenderer is established.

Documentation Requirement: Norwegian companies: Company Registration Certificate.

Foreign companies: Verification showing that the tenderer is registered in a company register, professional register or a trade register in the country where the tenderer is established.

III.1.2. Economic and financial standing

List and brief description of selection criteria:

Tenderers must have sufficient economic and financial capacity to comply with the contract.

Creditworthiness with no requirement for guarantees will be sufficient to meet the requirement.

Documentation requirement: A credit rating based on the most recent fiscal figures. The rating must be carried out by a credit rating agency with a licence to provide such service.

If a tenderer has valid reasons for not being able to provide the documentation requested by the contracting authority, the tenderer can prove his economic and financial position with any other document that the contracting authority deems suitable.

Minimum level(s) of standards possibly required:

See the above information.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

1. Tenderers must have experience from comparable assignments. Documentation requirement: Description of up to three of the most relevant assignments during the last three years. The description must include a statement of the assignment value, dates and recipients (name, telephone number and e-mail address). It is the tenderer's responsibility to confirm relevance through the description. Tenderers can document experience by referring to the competence of personnel at disposal for this assignment, including experience that has been acquired while personnel performed services for another supplier.

2. Tenderers are required to have a good and well-functioning quality assurance system and environmental management system. Documentation requirement: Documentation of an ISO certificate or similar certification within quality assurance and environmental management. As an alternative to a certificate, a thorough description can be attached of the tenderer's well-functioning system.

Minimum level(s) of standards possibly required:

See the above information.
