II.1.3. Information about a framework agreement or a dynamic purchasing system

The notice involves a public contract

II.1.4. Information about framework agreement

II.1.5. Short description of the contract or purchase(s)

Main procurement:

Forsvarsbygg requests tenders for consultants within various professional areas, to design the following pre-project for the establishment of ILS facility for runways 10 and 28 at Bardufoss Airbase. The project comprises the following main facilities:

1. New LOC 10 incl. reflecting surface area;
2. New DME co-located with LOC 10;
3. New GP 28 incl. reflecting surface area;
4. New DME co-located with GP 28;
5. New LOC 28.

Agreement shall be entered into for consultancy through engineering design groups consisting of the necessary professionals in the pre-project phase.

Forsvarsbygg requests tenders for the main procurement and the options described below, from an engineering design group where the following subject areas are covered:

- Engineering design manager,
- Consulting engineer construction (works/road/airport),
- Consulting engineer Electro,
- Consulting engineer Geotechnics,
- Consulting engineer Water, Sewage and Waste Management.

Note: to register your interest in this notice and obtain any additional information please visit the Doffin web site at http://www.doffin.no/Search/Search_Switch.aspx?ID=273591.

II.1.6. CPV code(s)

71000000 Architectural, construction, engineering and inspection services, 71240000 Architectural, engineering and planning services, 71300000 Engineering services, 71311240 Airport engineering services, 71318000 Advisory and consultative engineering services

II.1.7. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes

II.1.8. Lots

This contract is divided into lots: no

II.1.9. Information about variants

Variants will be accepted: no

II.2. Scope of the procurement

II.2.1. Total quantity or scope

II.2.2. Information about options

Options: yes

Description of options: In addition to the main procurement, the agreement shall include the following options:

— Option 1: detailed engineering design and tender documents for the enterprises.

Fees: after the elapsed time and within budget, in accordance with NS8402.

— Option 2: follow-up during construction.

Fees: After the elapsed time and within budget, in accordance with NS8402.

Timing for the exercise of the options depends on when the necessary approval and funding from political or military sources exists for each phase.

There will be varying needs to involve the various professions along the way. The input from the individuals will therefore be managed as needed.

Tendered consultants must have the capacity to complete the project by the stated deadline.

II.2.3. Information about renewals

This contract is subject to renewal: no

II.3. Duration of the contract or time limit for completion

Section III: Legal, economic, financial and technical information

III.1. Conditions related to the contract

III.1.1. Deposits and guarantees required

See tender documents.

III.1.2. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

See tender documents.

III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded

III.1.4. Contract performance conditions

The performance of the contract is subject to particular conditions: no

III.2. Conditions for participation

III.2.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions: (1) Value added tax certificate (national requirement); (2) Company tax certificate (national requirement); (3) Self-declaration in compliance with Appendix 2 (HSE) of the Norwegian procurement regulations (national requirement).

III.2.2. Economic and financial ability

List and brief description of conditions: Credit evaluation no older than 6 months from the deadline for tender submission. The evaluation shall be carried out by an accredited credit evaluation company. The result of the credit evaluation shall be stated as a graded value (letters or numbers) in accordance with a defined scale.

Minimum level(s) of standards possibly required: Supplier shall be credit-worthy.

III.2.3. Technical and professional ability

List and brief description of conditions:

Central approval or documentation demonstrating that the supplier is likely to obtain local approval.

List of the company's relevant assignments executed in the last 3 years.

Minimum level(s) of standards possibly required:

Supplier (as a company) shall have good experience and expertise with the engineering design and execution of work of similar size and complexity.

If the tender requires the use of sub-contractors, or if several companies submit a joint tender there is no requirement that the various companies have developed expertise jointly.

III.2.4. Information about reserved contracts

III.3. Conditions specific to services contracts

III.3.1. Information about a particular profession

III.3.2. Information about staff responsible for the performance of the contract

Obligation to indicate the names and professional qualifications of the staff assigned to performing the contract: yes
