**Section II: Object of the contract**

---

**II.1. Description****II.1.1.**

**Title attributed to the contract by the contracting authority**

The seafront in Molde — consultants/engineering design group.

**II.1.2. Type of contract and place of performance or delivery**

Services

Service category No 12: Architectural services; engineering services and integrated engineering services; urban planning and landscape engineering services; related scientific and technical consulting services; technical testing and analysis services

Main site or place of performance: Molde, Norway.

NUTS code NO053 Møre og Romsdal

**II.1.3. Information about a framework agreement or a dynamic purchasing system**

The notice involves a public contract

**II.1.4. Information about framework agreement**

**II.1.5. Short description of the contract or purchase(s)**

A new seafront shall be established in Molde that starts at Storgata and passes Torget, the area down to Sjøfronten and further on towards Storkaia. Molde municipality would thus like to engage a landscape architect, an architect and consultant engineers within the following disciplines; consultant engineer geotechniques (RIG), consultant engineer HVAC and water and sewage (RIV) and consultant engineer electro (RIE).

**II.1.6. CPV code(s)**

71000000 Architectural, construction, engineering and inspection services, 71400000 Urban planning and landscape architectural services

**II.1.7. Information about the Government Procurement Agreement (GPA)**

The procurement is covered by the Government Procurement Agreement: no

**II.1.8. Lots**

This contract is divided into lots: no

**II.1.9. Information about variants**

Variants will be accepted: no

**II.2. Scope of the procurement**

**II.2.1. Total quantity or scope**

The assignment is for the first construction stage of the seafront in Molde, that starts by Storgata and passes Torget, the area down to Sjøfronten and further on towards Storkaia. Consultants shall continue the existing sketch project to the preliminary project, as well as undertaking all documentation for the total preliminary project calculations. Furthermore the preliminary project shall form the basis for the tender competition, contracting and execution, either in the described detailed designed contract or as a function described turnkey contract for parts of the initiative (phase 1).

**II.2.2. Information about options**

Options: yes

Description of options: Work with construction stage two is included as options. Construction stage two consists of the continuation of the 'Seafront' from Torget eastwards. The size of the construction stage, phase division and extent will depend on grants and financing.

**II.2.3. Information about renewals**

This contract is subject to renewal: no

### **II.3. Duration of the contract or time limit for completion**

## **Section III: Legal, economic, financial and technical information**

---

### **III.1. Conditions related to the contract**
